LET’S COMPARE COSTS AND COVERAGE

Blue Cross Medicare Advantage plans offer three different levels of coverage and cost sharing. Each plan pays a different amount toward medical coverage and prescription drugs. The right plan depends on how often you visit the doctor or pharmacy and how much you want to pay monthly versus paying when you get care.

Choose from three levels of coverage:

CORE

GOOD OPTION

if you don’t go to the doctor or pharmacy very often

- **Lower** monthly premium
- **Higher** costs when you get care
- **Preventive dental** coverage included

CHOICE

GOOD OPTION

if you aren’t sure how often you’ll go to the doctor or pharmacy

- **Balance** between monthly premium and costs when you get care
- **Preventive and comprehensive dental** coverage included

COMPLETE

GOOD OPTION

if you need more coverage and go to the doctor or pharmacy often

- **Higher** monthly premium
- **Lower** costs when you get care
- **\$0 insulin products** from select manufacturers when you use an in-network pharmacy
- **Preventive and comprehensive dental** coverage included

DID YOU KNOW?

A **medical-only** Medicare Advantage plan is available if you already have creditable drug coverage through the VA or similar. Contact us or your agent to discuss options.

LET’S TALK TRAVEL

- Travel up to nine consecutive months in the U.S. and get in-network benefits from select providers
- No matter where you are, emergency services are always covered. Some cost sharing may apply.

Important plan information

Eligibility and enrollment

You are eligible to enroll in a Blue Cross Medicare Advantage plan if you have Medicare Part A and Medicare Part B and live in the plan's service area.

You can be a member of only one Medicare Advantage plan at a time. By enrolling in a Medicare Advantage plan, you will automatically be disenrolled from any other Medicare Advantage or Medicare Cost plan of which you are a member.

Provider network

Blue Cross has formed a contracted network of doctors, specialists, hospitals and other providers for Medicare Advantage. You can use any provider who is part of this network. The health care providers in the network may change at any time. You may search for providers on our website, request a provider directory or contact us to see if your providers are in the network. Each provider is an independent contractor and is not our agent.

Beginning with your effective date, to receive the highest level of benefits while in the service area, you must get all of your health care from network providers, with the exception of emergency and urgently needed services. If you go to a provider outside of the Medicare Advantage network (in the plan's service area), you will pay a higher level of cost sharing. You will receive in-network benefits for eligible services received outside the service area within the United States for up to nine (9) months each year. In addition to being covered in the United States, emergency services are covered worldwide.

In some cases, you may need authorization from Blue Cross before you receive care. Visit **bluecrossmn.com/authorization** to learn more.

Prescription drugs, formulary, pharmacy network, mail order service

If you enroll in Medicare Advantage, you must receive your Medicare prescription drug coverage through this plan. Drug coverage benefits are subject to limitations.

Federal contract

Blue Cross Medicare Advantage is a PPO plan with a Medicare contract. Enrollment in Blue Cross Medicare Advantage depends on contract renewal. Enrollment in these plans after December 31, 2022 cannot be guaranteed. Either CMS or the plan may choose not to renew the contract, or the plan may choose to change the area it serves. Any such change may result in termination of your enrollment.

Introduction

This guide is a summary of the medical and prescription drug benefits covered by Blue Cross Medicare Advantage plans. In this booklet, you will find an overview of our plan and pharmacy network, an easy-to-read chart of plan coverage options, and contact information for customer service representatives who can assist you and answer questions.

What’s included

- Pre-enrollment checklist
- Frequently asked questions
- Benefit charts

Pre-enrollment checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative toll free at **1-855-579-7658** (TTY **711**).

Understanding the Benefits

- ☐ Review the full list of benefits found in the Evidence of Coverage (EOC), especially for those services for which you routinely see a doctor. Visit **bluecrossmn.com** or call toll free at **1-855-579-7658** (TTY **711**) to view a copy of the EOC.
- ☐ Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor
- ☐ Review the pharmacy directory to make sure the pharmacy you use for any prescription medicine is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.

Understanding Important Rules

- ☐ In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- ☐ Benefits, premiums and/or copayments/coinsurance may change on January 1, 2022.
- ☐ Our plan allows you to see out-of-network providers (non-contracted providers). However, while we will pay for covered services provided by a non-contracted provider, the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care. In addition, you will pay a higher copay for services received by non-contracted providers.

CONTACT US

We are available for phone calls 8 a.m. to 8 p.m., Central Time. We are available seven days a week October 1 through March 31, and available Monday through Friday the rest of the year.

Frequently asked questions

This booklet gives you a summary of what we cover and what you pay. It doesn't list every service that we cover or list every limitation or exclusion. To get a complete list of services we cover, call us and ask for the *Evidence of Coverage*.

WHO CAN ENROLL?

You can enroll in Medicare Advantage (PPO) if you are enrolled in Medicare Part A and Medicare Part B and live in the plan availability area, which includes the following counties: Becker, Beltrami, Benton, Big Stone, Brown, Cass, Chippewa, Clay, Clearwater, Cottonwood, Crow Wing, Douglas, Grant, Hubbard, Jackson, Kandiyohi, Kittson, Lac qui Parle, Lake of the Woods, Lincoln, Lyon, Mahnomon, Marshall, Morrison, Murray, Nobles, Norman, Otter Tail, Pennington, Polk, Pope, Red Lake, Redwood, Renville, Roseau, Sherburne, Stearns, Swift, Todd, Wadena, Wilkin and Wright.

WHAT IS MEDICARE ADVANTAGE?

Medicare Advantage plans are private Medicare health plans. They have a yearly limit on your out-of-pocket costs, and once you reach this limit, you'll pay nothing for covered services. Medicare Advantage plans are combined medical and prescription drug coverage.

What is the difference between a:

- Annual physical exam — A yearly preventive visit with your primary care doctor that includes a discussion about your health, a review of your medical history, screenings, immunizations and some lab work.
- Welcome to Medicare visit — A one-time preventive visit within the first 12 months of your new Medicare Part B plan. This visit includes a review of your medical history, screenings, vaccinations and a discussion of preventive services available to you that you may need.
- Medicare annual wellness visit — An annual visit with your doctor after you've been enrolled in Medicare Part B for at least 12 months. This visit includes a review of your medical history, screenings and personalized health advice, and a checklist of appropriate preventive services.

Medicare will pay for a Medicare annual wellness visit and a Welcome to Medicare visit. Your Blue Cross Medicare Advantage plan will pay for an annual physical exam.

To see a complete list of your services and benefits, please review your *Evidence of Coverage* (EOC). You can find this document at **bluecrossmnonline.com** by clicking Medicare > Search Medicare Forms. You also may order a copy by calling member services.

WHICH DOCTORS, HOSPITALS AND PHARMACIES CAN I USE?

The Medicare Advantage provider network and the Medicare Advantage pharmacy network offers a selective list of providers and pharmacies covered under the Medicare Advantage plan. You may pay less when you use doctors, hospitals, pharmacies and other providers in these networks. You can see the plan's provider and pharmacy directories at **bluecrossmnonline.com** by clicking Medicare > Search Medicare Forms> Select Medicare Advantage (PPO)-West Region. Or, call us and we will send you a copy of the directories.

When using in-network pharmacies you will typically see lower prices than using out-of-network pharmacies for covered Part D drugs.

ARE MY DRUGS COVERED?

Medicare Advantage is a combined medical and prescription drug plan. You can see the complete *Formulary* (list of Part D prescription drugs) and any restrictions at **bluecrossmn.com/drugs**. Or, call us and we will send you a copy of the *Formulary*.

The pharmacy benefits information is provided by Prime Therapeutics LLC, an independent company providing pharmacy benefit management services.

HOW MUCH WILL I NEED TO PAY FOR PRESCRIPTION DRUGS?

The amount you pay depends on what tier the drug is in and what benefit stage you have reached. Your costs for each drug tier and benefit stage are shown in the benefit chart later in this summary.

You can also save costs when you choose 90-day supplies from certain pharmacies and mail-order pharmacies.

You can find the most updated list of pharmacies in your area at **bluecrossmn.com/pharmacy**.

WHAT ARE THE DRUG TIERS?

Our plan places a drug into one of five tiers. Check the 2022 *Formulary* to find out which tier your drug is in.

WHAT ARE THE BENEFIT STAGES?

As you spend up to certain dollar amounts on your covered prescription drugs, you will move into different benefit stages.

Stage 1: Meet your deductible This is the amount you must pay each year for prescriptions before the plan will begin to pay its share of your covered drugs.

Stage 2: Initial coverage Once you've met your deductible, you'll pay a copay or coinsurance until you and your plan have spent \$4,430 on covered drugs.

Stage 3: Coverage gap Sometimes known as a "donut hole," it offers a temporary limit on what your plan will cover for drugs.

Stage 4: Catastrophic coverage Once you've spent \$7,050 out-of-pocket on prescription drugs in a plan year, you will pay a small copay or coinsurance for the rest of the year.

Health care terms and what they mean

Allowed amount – The contracted rate, or “Blue Cross discount,” set by your plan and providers when you see in-network hospital, clinics or pharmacies. Providers are required to accept the allowed amount as payment in full, and cannot charge above it when you see an in-network provider.

Copay – A set fee you pay for some services and prescriptions. Copays vary by type of service and prescription and multiple copays may apply. In most cases, your copay is due at the time you receive the service or prescription.

Coinsurance – An amount you may be required to pay as your share of the cost for services or prescription drugs. The cost is a percentage of the allowed amount that is set by your plan. The amount you pay for coinsurance will vary if the provider is in-network or out-of-network.

Deductible – The amount you must pay for health care or prescriptions before our plan begins to pay.

In-network – The hospitals, clinics and pharmacies that are included in your plan. Typically, in-network providers result in lower member costs.

Out-of-pocket costs – The amount you must pay for health care. It includes copays, coinsurance and deductibles, plus any costs for care that is not covered.

Out-of-network – The hospitals, clinics and pharmacies that are not included in your plan. Typically, out-of-network providers result in higher member costs.

Out-of-pocket maximum – The most you could pay for covered care in a plan year. Once you reach this amount, your plan will pay 100 percent for in-network covered care.

Premium – The amount you pay each month to be a member of your plan.

Prior authorization – Approval in advance to get services or certain drugs that may or may not be on our formulary.

Total charge – The amount the provider or pharmacy charges for services before a Blue Cross discount (allowed amount) is applied.

Pre-enrollment checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative toll free at **1-855-579-7658** (TTY **711**).

Understanding the Benefits

☐ Review the full list of benefits found in the Evidence of Coverage (EOC), especially for those services for which you routinely see a doctor. Visit **bluecrossmn.com** or call toll free at **1-855-579-7658** (TTY **711**) to view a copy of the EOC.

☐ Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to pay more for out-of-network services.

Understanding Important Rules

☐ In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.

☐ Benefits, premiums and/or copayments/coinsurance may change on January 1, 2022.

☐ Our plan allows you to see out-of-network providers (non-contracted providers). However, while we will pay for covered services provided by a non-contracted provider, the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care. In addition, you will pay a higher copay for services received by non-contracted providers.

Frequently asked questions

This booklet gives you a summary of what we cover and what you pay. It doesn't list every service that we cover or list every limitation or exclusion. To get a complete list of services we cover, call us and ask for the *Evidence of Coverage*.

WHAT IS MEDICARE ADVANTAGE?

Medicare Advantage plans are private Medicare health plans. They have a yearly limit on your out-of-pocket costs, and once you reach this limit, you'll pay nothing for covered services. Some Medicare Advantage plans are combined medical and prescription drug coverage.

What is the difference between a:

- Annual physical exam – A yearly preventive visit with your primary care doctor that includes a discussion about your health, a review of your medical history, screenings, immunizations and some lab work.
- Welcome to Medicare visit – A one-time preventive visit within the first 12 months of your new Medicare Part B plan. This visit includes a review of your medical history, screenings, vaccinations and a discussion of preventive services available to you that you may need.
- Medicare annual wellness visit – An annual visit with your doctor after you've been enrolled in Medicare Part B for at least 12 months. This visit includes a review of your medical history, screenings and personalized health advice, and a checklist of appropriate preventive services.

Medicare will pay for a Medicare annual wellness visit and a Welcome to Medicare visit. Your Blue Cross Medicare Advantage plan will pay for an annual physical exam.

To see a complete list of your services and benefits, please review your *Evidence of Coverage* (EOC). You can find this document at **bluecrossmnonline.com** by clicking Medicare > Search Medicare Forms. You also may order a copy by calling member services.

WHICH DOCTORS AND HOSPITALS CAN I USE?

The Medicare Advantage provider network offers a selective list of providers covered under the Medicare Advantage plan. You may pay less when you use doctors, hospitals and other providers in these networks. You can see the plan's provider directories at **bluecrossmnonline.com** by clicking Medicare > Search Medicare Forms> Select Medicare Advantage (PPO)-West Region. Or, call us and we will send you a copy of the directories.

Health care terms and what they mean

Allowed amount — The contracted rate, or “Blue Cross discount,” set by your plan and providers when you see in-network hospitals and clinics. Providers are required to accept the allowed amount as payment in full, and cannot charge above it when you see an in-network provider.

Copay — A set fee you pay for some services and prescriptions. Copays vary by type of service and prescription and multiple copays may apply. In most cases, your copay is due at the time you receive the service or prescription.

Coinsurance — An amount you may be required to pay as your share of the cost for services or prescription drugs. The cost is a percentage of the allowed amount that is set by your plan. The amount you pay for coinsurance will vary if the provider is in-network or out-of-network.

Deductible — The amount you must pay for health care or prescriptions before our plan begins to pay.

In-network — The hospitals and clinics that are included in your plan. Typically, in-network providers result in lower member costs.

Out-of-pocket costs — The amount you must pay for health care. It includes copays, coinsurance and deductibles, plus any costs for care that is not covered.

Out-of-network — The hospitals and clinics that are not included in your plan. Typically, out-of-network providers result in higher member costs.

Out-of-pocket maximum — The most you could pay for covered care in a plan year. Once you reach this amount, your plan will pay 100 percent for in-network covered care.

Premium — The amount you pay each month to be a member of your plan.

Prior authorization — Approval in advance to get services or certain drugs that may or may not be on our formulary.

Total charge — The amount the provider charges for services before a Blue Cross discount (allowed amount) is applied.
