## Presidents' Message

On behalf of the Brandeis National Committee (BNC) Phoenix Chapter, we welcome you to the 2024-2025 Study Group year.

Our members have many opportunities to expand their social horizons and to make new friends. Members with similar interests come together in study/interest groups to discuss a wide range of books, review movies, hike, dine in new restaurants, discuss current events, study many other engaging topics, and participate in other intriguing educational and cultural activities around the Valley.

Our study groups are both in person and virtual, so chapter members have access to programming even when they're on the go. Joining one or more of our study groups is another great reason to be a paid-up member for the year 2024-2025. Our study groups serve as one of our chapter's strongest unifying assets and also serve as a vital membership recruiting vehicle.

Study Group Vice Presidents Carol Kadet, Harriet Schwartz, and Barbara Stern, as well as their committee and the study group facilitators, spend countless hours working to ensure wonderful experiences for our members. We can't thank them or praise them enough to express our gratitude for their efforts.

Here's to another memorable and successful year of learning and enjoying the wonders our communities have to offer – all in good health for us all.

*Joyce Steinberg and Stephanie Klopfer*  
Co-Presidents, BNC Phoenix Chapter

## About Brandeis University

Brandeis was established in 1948 by the American Jewish community at a time when Jews and other ethnic and racial minorities as well as women, faced discrimination in higher education. Its visionary founders created a nonsectarian research university that welcomed talented faculty and students of all backgrounds and beliefs.

From the outset, Brandeis focused on undergraduate education, while building a pioneering research enterprise. It is one of the youngest private research universities as well as one of the pre-eminent liberal arts universities in the country. It was granted a Phi Beta Kappa Chapter just 13 years after its founding, a distinction earned by fewer than 10% of U.S. colleges and universities.

As a medium-sized private research university with global reach, it is dedicated to first-rate education while making groundbreaking discoveries. Brandeis counts among its faculty and alumni a Nobel Laureate, MacArthur Foundation "genius grant" recipients, Pulitzer Prize winners and a number of Emmy Award-winning actors, broadcasters and producers. Brandeis University stresses an interdisciplinary approach to knowledge and the solution to real life problems. The campus community remains devoted to the concept of social justice, a legacy inherited from the namesake of the university, U.S. Supreme Court Justice Louis D. Brandeis.

### BNC Mission Statement

Founded in 1948, Brandeis National Committee (BNC) is an organization committed to providing philanthropic support to Brandeis University, a distinguished liberal arts and research university founded by the American Jewish community. The membership is connected to the University through fundraising and activities that reflect the values on which the University was founded: academic excellence, social justice, non-sectarianism and service to the community.

## Study Group Vice Presidents' Welcome

Dear BNC Phoenix Members,

Welcome to the 2024 - 25 Study Group Guide. This year we have more than 100 groups spanning a wide range of interests. Many of last year's favorites have returned, and a variety of new groups were added.

Now that you have renewed your [membership](#) and reported any updates to your contact information, please read the registration instructions starting on the next page of this Study Group Guide carefully. The format of the registration system has changed to make the registration process easier.

You will receive an eblast with registration information in late August. Keep in mind that while some groups fill up quickly, there are similar options available. With so many groups offered this season, you will have multiple choices and decisions to make. If you're a snowbird, please plan to register as soon as possible and not wait until you're back in Arizona.

We hope you will take advantage of all that our BNC Phoenix Chapter has to offer for this season. Also, we would love to have you share the Study Group Guide with your friends who are not yet members and invite them to [join BNC Phoenix](#).

## The Study Group Guide

The Study Group Guide has undergone an update! An important feature of the new format is that it can easily be updated and remain current throughout the year. **To navigate from page to page of this Study Guide, see the instructions on [page 1](#).**

### Registration

**New Registration system!** While the screens look different than previous years, the new system is easy to use. As in the Study Group Guide, the groups are listed alphabetically by day of the week plus those on various days.

**Time Limit.** There is a time limit to the checkout process. You will need to be prepared with your list of groups, the associated group numbers, and your credit card, **before** you start registering.

**Waitlist.** Once a group is full, the 'register' button changes to a 'waitlist' button. Click it if you want to be added to the waitlist. Fill out your name, etc. and SUBMIT. Then continue registering for other groups.

**Pairs Groups.** We have several study groups where two people can participate as a pair for a \$40 registration fee. One of the pair must register and pay for both individuals. Both parties need to be Chapter members.

**Number of Groups.** During the first week that registration is open for all chapter members, you will be allowed to register for **up to five (5) groups**. This is so that more members will have an opportunity to join groups. You may register for additional groups during the second week of registration or any time after that. You will receive an eblast reminder about this.

**Follow the online instructions  
starting on the [next page](#).**

# Register for Study Groups

If you like the natural beauty of the desert, exercise and camaraderie, our hikes in Phoenix, Scottsdale and beyond will take you on beautiful trails at a comfortable pace. This Group has been going strong for 12 years and is open to men and women. Plan on a 3-to-5-mile hike round trip, depending on elevation gain and terrain. Hiking shoes are mandatory, hiking poles frequently advised. NOTE: This is *hiking*, not *walking* – there will be elevation gain and some of the trails have uneven terrain. (We start on time as a courtesy to other members.) **Our first official hike is Thursday, November 7**, but we will schedule an October 31 warm-up hike. ### 80. JEWISH MINDFUL MEDITATION \*NEW\*

What is Jewish mindful meditation? Jews have been practicing forms of meditation for thousands of years and developed a variety of techniques that originally were passed down by word of mouth and later written down. Techniques used focus on the breath, our body sensation and sometimes a mantra or nigan. They teach us how to be aware of our thoughts and which ones are preventing us from living in the moment. Often people find this reduces stress and helps them relax. This group will meet weekly on Zoom. **The first meeting is October 18.** One does not need previous experience to join this group. However, if a person wants to join and has not practiced meditation before, please contact the facilitator before the group begins.
