FIRST PLACE AWARD FOR OUTSTANDING PUBLICATION

PRESIDENT'S MESSAGE AMANDA DAVIS

It is truly an honor to have been elected as the incoming president for The Unrecables. I began volunteering as a shadow with The Unrecables in the winter of 2003. I was instantly drawn to the warm and caring nature of all of the volunteers and the determination and willingness of all of the students to try new things and to stretch beyond their perceived limits. (I and I haven't missed a season except during COVID.)

Ultimately, I was elected secretary in 2019 and really enjoyed being a part of all of the Board meetings and interacting with the other board members and members of our group that attended the social time over the last 5 years. It will be a challenge to follow in the footsteps of our previous president, **Michelle McCarthy**. However, I will endeavor to do my very best in support of everyone in our group. Thank you again for this incredible honor and I look forward to serving you this coming year. ♦

2024 SKI SEASON HIGHLIGHTS VICTOR CHAN

Season Highlights:

- The **Darvish** family generous \$5,000 donation for a new Mountain Man bi-ski.
- **Soo Lee** collecting \$730 in donations from the Korean Ski Club.
- Rockin' the new bibs. Thank you again to **Amanda Davis** and her company Sentinel One!
- Figuring out what was wrong with **Chelsea Faulkner's** rig and fixing it (straps were almost detached from her bucket). She did amazing after that.
- Giant Woolly Mammoth snow sculpture.
- New students **Courtney Mazzalo and Micah Renteria**.
- New volunteers **Lukas Smith and Nick Durocher**.
- The "Next Generation" of Unrecables **Colton Sallaway, Katelyn Julian, Tanner Brown and Dominic Chan** are coming along nicely.

Season Bloopers:

- **Dave Blanchard** not ducking as low as needed while tree skiing and christening his new helmet.
- **Bob Hayes** falling on the face of three, or was he just demonstrating what happens when you try to drag a hip?
- **Victor Chan** guiding **Courtney Mazzalo** into soft powder, then a catch fence and later right into a short sign – good thing she's a "she".
- **Jay Davis** using arm motions to tell Courtney what to do before remembering that she's totally blind.
- **Cinda Romero's** low speed fall which ended up fracturing her arm. Now she's bionic (or at least tougher with her titanium plate)

• The new 6-pack Canyon Express lift is not friendly to sit-skiers. We'll need to figure it out.

The season started off a bit slow again with minimal snowfall in November and December along with a lack of instructors able to make it. Our first trip of the season was in January and we hosted the **Hsu** family and **Keith Bonchek**. It had been a few years since Keith had skied with us and though he came up a day early to acclimate, the weather turned poor on Saturday and even fit skiers were having a tough time in the conditions. He vowed to be back. I experienced probably the worst white-out I've ever tried to ski in, fortunately it was at the end of Sunday off of Chair 2 so I figured out where to go to get back to Main Lodge. **Dave Blanchard** was trying to follow me and later told me that it was good that I was wearing my bright fuchsia (not pink) ski suit.

Chelsea Faulkner was our only student in February so we did more training with Bob and another group with the bi-ski. Helping Chelsea buckle into her rig Saturday morning was when I noticed that two of her three straps had come off the chair, and the third was barely on. She had been frustrated that her skiing seemed like it was getting worse so it was great to see her ski with authority after fixing the straps. **Dominic Chan** demonstrated that he may be suitable to ski with fast students who don't stop much in the future. With lots of help I hosted a "build your own taco" dinner which people enjoyed. We chose the right weekend in February because the following weekend the mountain was shut down due to a huge storm.

In March we had five students: **Chelsea, Courtney Mazzalo, Kelly An-**

erson, Eugene Kim, and Dr. Bob Darvish. It was this trip where Dr. Darvish donated \$5000 to purchase a new Mountain Man bi-ski. What an awesome gift! After Courtney trained me, I got the hang of guiding her and despite my "oops's" she had a great time and appreciated my guiding style. **Hannah Nishimoto** was back so we had the traditional lasagna and chicken dinner, and I managed to not burn the bread – even **Julio Fuentes** who was in San Diego joked about my bread when we texted him a dinner picture.

In April **Soo Lee** had dinner with the Korean Ski Club and was able to collect \$730 for the club – I suspect she was strong enough to hold up each member by their ankles and shake them upside down. Chelsea was able to celebrate her birthday weekend with her father Bill. He was not able to ski in March because of the weather so it was nice that he was able to this time. **Tanner Brown** volunteered and did well. New student and new skier **Micah Renteria** leveraged his talent with other sports and picked up skiing quickly with **Kenny Chan** instructing him. This was the only trip I've skipped in about two years, and unfortunately there were some issues with the lift tickets, along with a few other things that caused folks to "adapt" and "make do". The biggest misfortune was that Micah's mother Cinda fell Sunday while moving slowly and ended up fracturing her arm near the shoulder. **Bob Hayes** stayed with her at the hospital and **Dave Blanchard** stepped up and offered to drive her and Micah home in Cinda's car while Kenny followed so he could take Dave home from their place. A huge thank

continued — p. 2

you to them, and a big shout out to Cinda for having the best attitude through the whole ordeal, which included having surgery to attach a titanium plate to her bone. She and I are now titanium buds.

I made it back for the May trip which was definitely spring conditions. **Keith Bonchek** was back, **Jason Julian** and **Anton Serikov** joined us as well. Weather was good and we met a half hour earlier because the lifts closed at 2:00. Keith wanted to learn to sit-ski so he used a bi-ski with Mike Julian tethering. Keith got the hang of it and had a blast. Anton graciously agreed to ski with Keith a few runs and give him some pointers. Thank you Anton! PJ is mostly recovered from his surgery last fall and made an appearance on this trip with Colton. **Katelyn Julian** also made her second trip for this season. Jason impressed me with his skiing ability. I think he and Dominic would be head to head skiing fast without stopping. We all had a great time and Hannah treated us with another enjoyable dinner that included a half gallon

of ice cream. We obeyed when she said that we had to finish it because it won't travel well.

Mammoth closed at the end of Memorial Day weekend, so there was no June trip.

Season Summary:

- Five trips were held January through May.
- 26 of us volunteered a total of 56 times.
- We hosted 10 different students a total of 15 times.
- New volunteers **Nick Durocher** and **Lukas Smith** each joined us for one trip. **Ford Hayes** volunteered for a session in March.
- No road closures and minimal late cancelations attributed to having a surplus of condo funds.
- Four "Next Generation" volunteers attended: Dominic, Colton (twice), Katelyn (twice), and Tanner.
- **Kenny Chan** and **Bob Hayes** attended all the trips this year.

Thank you everyone for your support and hope to see you next season! ♦

THE UNRECABLES PLAY & PROMOTE AT ANGEL CITY SPORTS

FWSA CONVENTION HIGHLIGHTS
SIGRID NOACK

The FWSA convention was great. We had three representatives: **Dee Armstrong**, **Hannah Nishimoto**, and **Sigrid Noack**. All of us were very involved in the weekend's activities. Hannah & Dee made a big hit at the Magic Carpet Golf event. Hannah was rewarded for her hole-in-one, with a sleeve of golf balls, which she donated to me, since I'm a golfer. Thank you Hannah.

Friday night was the Annual Silent Auction & Snowsports Trade Show, which is always the main event of the weekend. Attendees bid on ski packages donated by our industry friends. Excellent bargains were avail-

able for bidding.

Saturday we attended Leadership Academy presentations and Public Affairs Panels with Guest speakers. The lunch keynote speaker was fabulous: Eric Remarque, who survived 8 days & nights in a snow storm, but lost both legs, in the Mammoth area. He brought his book, which was made into a film "6 Below". Eric is now an avid snowboarder. Saturday evening, the wonderful banquet with major awards being presented, then dancing to a great band.

Sunday was exciting, since our own **Gordon Cardona** received a FIRST Place Masters award for his fabulous newsletter. That's a tough competition! Congratulations, Gordon! It was also Sigrid's big day, as she presented the Charity Recognition certifi-

cates to 11 ski clubs and one council. The 4th Annual Charities & Our Community video was played all weekend for all attendees to see. Also, the FWSA election was held and a fabulous brunch was served. An all-around wonderful Convention weekend and The Unrecables were well represented. Great PR for us.

The newly elected FWSA Board for 2024-25:

Move United Waiver & Release of Liability Agreement

Move United, and its affiliated Chapters (“Released Parties”) are non-commercial, not for profit activity providers. The purpose of this Move United Waiver & Release of Liability Agreement is to exempt, waive, and relieve Released Parties from any and all liability for any harm, wrongful death, personal injury, property damage, claim or cause of action, including, but not limited to liability arising from the negligence of Released Parties. “Released Parties” include Move United, Disabled Sports USA Los Angeles - The Unrecables, and their affiliates, successors, predecessors, parents, subsidiaries, owners, representatives, administrators, directors, officers, agents, coaches, employees, contractors, assigns, and volunteers; other participants, sponsoring agencies, sponsors, and advertisers; and, if applicable, the owners, operators, and lessors of premises on which the activities or events take place.

In consideration of the undersigned Participant being allowed to participate in any way in Move United and/or Disabled Sports USA Los Angeles - The Unrecables related events and activities, the Undersigned (“Undersigned” means the Participant or the Participant’s parent, legal guardian, or legal representative when the Participant is under the age of 18 or legally incapacitated) agrees and acknowledges as follows:

1. Risks of Activity. Participant will be taking part in activities that can be hazardous and involve the risk of physical injury and/or death. The activities are inherently dangerous and Undersigned fully realizes the dangers of participating in the activities. The dangers and risks of the activities include, but are not limited to the condition of the premises and equipment, and the acts, omissions, representations, carelessness, and negligence of the Released Parties. Recognizing the risks and dangers, the Undersigned voluntarily chooses for Participant to participate in the activities and expressly assumes all risks and dangers of the participation in the activity, whether or not described above, known or unknown, inherent, or otherwise.

2. Risks of Participation. The Undersigned recognizes and understands that while Released Parties have undertaken reasonable steps to lessen the risk of transmission of communicable diseases, including but not limited to, COVID-19, in connection with participation in the activities, the Released Parties are not responsible in any manner for any risks related to communicable diseases in connection with Participant’s participation in the activities. Specifically, the Undersigned understands that COVID-19 is a highly contagious and dangerous disease, and that contact with the virus that causes COVID-19 may result in significant personal injury or death. The Undersigned is fully aware that participation in the activities carries with it certain inherent risks related to transmission of communicable diseases (“Inherent Risks”) that cannot be eliminated regardless of the care taken to avoid such risks. Inherent Risks may include, but are not limited to, (1) the risk of coming into close contact with individuals or objects that may be carrying a communicable disease; (2) the risk of transmitting or contracting a communicable disease, directly or indirectly, to or from other individuals; and (3) injuries and complications ranging in severity from minor to catastrophic, including death, resulting directly or indirectly from communicable diseases or the treatment thereof. Further, the Undersigned understands that the risks of all communicable diseases are not fully understood, and that contact with, or transmission of, a communicable disease may result in risks to the Participant including but not limited to loss, personal injury, sickness, death, damage, and expense, the exact nature of which are not currently ascertainable, and all of which are to be considered Inherent Risks.

The Undersigned hereby voluntarily accepts and assumes all risk of loss, personal injury, sickness, death, damage, and expense for the Participant arising from such Inherent Risks. Furthermore, the Undersigned represents and warrants that Participant does not knowingly carry any communicable diseases that may be transmitted during participation in the activities.

3. Release and Indemnification. Undersigned (a) unconditionally releases, forever discharges, and agrees not to sue the Released Parties for any claims or causes of action for any liability or loss of any nature, including personal injury, death, and property damage, arising out of or relating to Participant’s participation in any Move United/Disabled Sports USA Los Angeles - The Unrecables events or activities or the Participant’s presence on or travel to the premises where such events or activities take place, including, but not limited to claims of negligence, breach of warranty, and/or breach of contract the Undersigned may or will have against the Released Parties; and (b) agrees to indemnify, defend, and hold harmless the Released Parties from and against any liability or damage of any kind and from any suits, claims, or demands, including legal fees and expenses whether or not in litigation, arising out of, or related to, Participant’s participation in such events or activities or the Participant’s presence on or travel to the premises where such events or activities take place.

4. Helmet Use. Undersigned agrees that Participant shall use a helmet when participating in the following activities: Alpine skiing, cycling, equestrian, ice hockey, outdoor rock climbing, snowboarding, white water kayaking, white water river rafting, and any other activity when directed by Released Parties. Undersigned understands that a helmet is in no way a guarantee of safety and that no helmet can protect the wearer against all foreseeable impacts to the head, and that the activities can expose the Participant to forces that exceed the limits of protection provided by a helmet. Undersigned agrees to assume full responsibility for complying with this paragraph and that Released Parties shall not be liable for any injury or damages resulting from Participant’s failure to use a helmet.
