Shred ND's AAA NAID Certified On-Site Hard Drive Shredding Process

NAID Certified Shred ND Personal will Show up at Specified Shredding location.

Client will receive an email announcing our arrival.

Authorized Shred ND Personal will gather Hard Drives and Prepare them for Shred.

Authorized Shred ND Personal Scan all Serial numbers onto a excel spread sheet.

Authorized Shred ND Personal will feed the Hard Drives into Shred ND's NAID Certified Shred-Tech Hard Drive Shredder located onboard our state-of-the-art M series Shred Tech Mobile Shredding Truck.

Upon Completion Authorized Shred ND Personal will collect Client Signature and Email a **Certificate of Destruction** to Client prior to departure.

Destroyed Hard Drives are then added to a recycle tote under lock and key at **Shred ND's** Secure facility

Destroyed Hard Drives are commingled with hundreds of other destroyed Hard Drives awaiting the Recycler of choice

Invoice and requested Serial Number Spreadsheet will be emailed at Invoicing.

Only physically destroying your hard drives with Shred ND ensures that the information is unrecoverable!
