## What We Do

Supporting the future of trapshooting and the PITA is our top priority. That future is our youth shooters and the parents that support them. Our aim is to help mitigate, even if it is just a bit, some of the cost and time it takes to support a young shooter in today's economy.

For over 85 years the PITA has strived to further youth shooting through promotions, raffles, and generous donations. We have received exceptional support this year and we are extremely excited to roll out this year's benefits.
