

Women's March Contra Costa Saturday

January 19 www.womensmarchcontracosta.org

Women's March Contra Costa is a local, grassroots organization dedicated to promoting intersectionality and inclusivity. Our organization is distinctly independent of Women's March, Inc., a national organization. Women's March Contra Costa is independently funded and does not share any leadership, decision-making input or financial connection to Women's March, Inc.

Our group stands against hate in all its forms. Women's March Contra Costa denounces any statements against the Jewish and LGBTQIA+ communities and will continue to take action to promote intersectionality and inclusivity as we continue to work toward our vision of restoring dignity, sharing humanity and promoting equity for all. Together We Rise!
