

CASS
(she puts her fingers
on his and on hers)
This way no matter where we are
or how far apart were allways
together

They BOTH get tears in their eyes and embrace

NICK
I'm really gonna miss you

CASS
You too...
(trying to act tough)
Now play me my song

NICK gets up and grabs his GUITAR then sits in the chair
CASS comes up close on the floor

NICK
(setting his guitar
aside momentarily and drawing
up close to cass)
I've been thinking alot lately
I know I've really been a jerk
sometimes especially with all
thats going on...There's something
i've been wanting to ask you but
.....I'll wait till I finish this
other song i'm writing...It's for
you too but for some reason....
It's taking me forever.....But
this song I wrote cause.....I
had a lot of mixed feelings at
first and I wasn't sure but I'm
glad we decided to go through
with it..the baby and all.....
And anyway.....
(starting to play)
This ones for both of you

He plays BABY to end of first CHORUS. FADE picture on
