Intl _____

Business Structures/Participant Costumes: Vendors must provide their own tents, tables, chairs, shade cover/tent, etc. Booths regardless of type, must have the look and feel of structures of the Medieval/Renaissance period. Pop-ups must have all modern looking metal, inside and out, covered with fabric or other covering. For all first time applicants, a photo of your booth must accompany this application. MME is the final judge of appropriateness. Each booth must have 40 LBS of weight **PER CORNER** securely attached. Booth corners will then need to be anchored to these weights using hemp or cotton ropes (nylon rope stretches too much and ratchet straps are too modern looking for the event) from the inside top of the booth to the weight. Corners also need to be staked securely into the ground with 10-12 inch heavy duty metal stakes (rebar and steel stakes are ideal) and properly guy wired with para cord, hemp or cotton rope and same metal stakes. Weights need to be

disguised or covered to keep a period look. All period style tents and canopies that use wooden poles to set up need only be sure to use 3 guy wires per pole with acceptable cord/rope and stakes. We will be inspecting each booth. Only producers will determine if a set-up is secure enough to warrant an exception to these rules. Vendors will be instructed on ways to meet these standards. All vehicles are to be removed from the field and the public parking lot and kept in vendor parking by 9:30 a.m. each day and during business hours.

ALL persons participating in the working, demos or performances of the vendor's business shall be in Renaissance, pirate or faerie garb and should at all times strive to emulate the speech and mannerisms of the European Renaissance time period, or pirate and fantasy environments.
