

ELDORADO NEIGHBORHOOD SECOND HOMEOWNERS ASSOCIATION

c/o Performance CAM, LLC
5135 Camino Al Norte, Suite 100
North Las Vegas, NV 89031
Office: 702-362-0318 Fax: 702-331-4188

Name: _____ Email: _____

Contact Number: _____ Address: _____

Projected Start Date: _____ Projected End Date: _____

PROJECT/PLANS BEING SUBMITTED (Indicate all items)

___ Landscaping*	___ Patio/Patio Cover	___ Painting ☐ (see below)
___ Front*	___ Play Equipment Δ	___ Pool/spa
___ Tree removal/replace	___ Gazebo Δ	___ Satellite Dish/Antennae
___ Driveway Extension/Resurface	___ Storage Shed	___ Solar Panels
___ Security Cameras	___ Walls	___ Other

PLEASE PROVIDE DETAILED PLANS WITH ALL APPLICATION REQUESTS

Are all existing improvements shown on plans? Yes ___ No ___

- * For **all** landscaping applications: Please submit details plans, along with plant coverage worksheet, any rock/artificial turf samples, etc. The Xeriscape plant list with plant coverage values must be submitted with application, along with the Homeowner Acknowledge Form.
- Δ For modifications done above wall line, a Neighbor Impact Statement is required. Please have any neighbors that are directly impacted by the structure to sign statement. Permits may be needed and must be attached with application.
- ☐ For painting projects, there are pre-approved color schemes. If changing colors, an ARC application is required. If not changing colors, an ARC application is **NOT** required. Please provide color swatches with application.

Homeowners Signature _____

Date: _____

Please return to management via email or fax.

If providing color samples, we ask that it be mailed back to our office with the color samples.

All ARC applications must have an ARC Completion Notice sent back to management when ARC project is completed.

FOR PAINTING ONLY

Eldorado Neighborhood Second has pre-approved color schemes. You may contact management to review the color schemes through Dunn Edwards Paint. Please follow the format for repainting your home. Please provide paint codes based off the scheme being used. Mixing of schemes is **NOT** allowed.

Scheme # _____

Stucco _____

Facia, Trim & Garage Door _____ (pick between option 1 or 2, cannot choose both)

Front Door & Shutters _____

**ELDORADO NEIGHBORHOOD SECOND
HOMEOWNER ACKNOWLEDGEMENT FORM**

1. Review CC&Rs and Architectural Guidelines to be in full compliance.
2. Do not obstruct or impair proper drainage.
3. Any rework of the grade adjacent to the existing fence should be done very carefully to eliminate any drainage problem to the adjacent neighbors. The grade **cannot** be raised against the fence for any reason.

Your property grade was designed by a state licensed civil engineer to direct water away from the structure and adjoining properties toward the street water collection system. Failure to reestablish proper drainage may cause, but is not limited to: damage to non-moisture resistant improvements, heaving of foundation soils, uplift of perimeter footings, deformation of the framing and damage to adjacent properties.

4. Work must be completed within 180 days.

Your approval is limited to a determination as to quality of materials, harmony of external design with existing structures, and as to location with respect to topography and finish grade elevations of the structure to be built on your property. You must comply with all provisions of the Covenants, Conditions, and Restrictions (CC&Rs) recorded against your property, especially as to any height restrictions or restrictions as to ordinances. Your improvement must comply with all city and county building ordinances. This improvement may require a building permit, which you would be responsible to obtain. It is not the duty or responsibility of the Architectural Committee to check compliance with any of the CC&Rs or building ordinances. If, for any reason, the plans do not conform to these CC&Rs, building ordinances, or proper building practices and designs, the responsibility is solely that of the owner and is subject to the approval and enforcement rights set forth in the CC&Rs. In approving your submission, the Eldorado Neighborhood Second Homeowners Association neither assumes responsibility or liability for your compliance, nor waives its rights to hereafter enforce your compliance.

You must return this signed form with your Architectural Application in order to be reviewed by the Committee. By signing below you acknowledge that:

1. The drainage on your property at this date is designed, installed, and functioning properly.
2. You indemnify the Association, Developer, and all third parties from any damage resulting from your proposed improvement.
3. Your proposed improvement may impair remaining developer warranties, if any.

Acknowledged and Agreed:

WATER SMART LANDSCAPES PROGRAM PLANT COVERAGE WORKSHEET

INSTRUCTIONS AND EXAMPLE

1. List the names of the plants for your xeriscape conversion in column (A).
2. Use the Water Smart Landscapes Program Plant List enclosed with your application to find the plant coverage value for each plant in your xeriscape conversion. Enter that value in column (B)
3. List the quantity of each plant to be included in the xeriscape conversion in the quantity column (C).
4. Multiply column (B) by column (C) to get the total plant coverage for each plant and enter in column (D).
5. Add the plant coverage values in column (D) and place that total in (E) below.
6. Enter the square feet of grass you plan to convert in (F) below. You must convert at least 400 square feet of grass to xeriscape.
7. Divide the Total Plant Coverage (E) by the square feet you plan to convert (F) and multiply that value by 100 to get the total plant coverage (G) for your landscape plan.

(A) Plant Name	(B) Plant Coverage Value	(C) Quantity	(D) Total Plant Coverage
1. <u>Trailing Lantana</u>	<u>28</u> ft ² x	<u>3</u> =	<u>84</u> ft ²
2. <u>Chilean Mesquite</u>	<u>530</u> ft ² x	<u>2</u> =	<u>1060</u> ft ²
3. <u>Green Desert Spoon</u>	<u>28</u> ft ² x	<u>3</u> =	<u>84</u> ft ²
4. <u>Red Bird of Paradise</u>	<u>28</u> ft ² x	<u>1</u> =	<u>28</u> ft ²
5. <u>Red Yucca</u>	<u>7</u> ft ² x	<u>3</u> =	<u>21</u> ft ²
6. <u>Compact Texas Ranger</u>	<u>20</u> ft ² x	<u>4</u> =	<u>80</u> ft ²
7. <u>Ocotillo</u>	<u>28</u> ft ² x	<u>1</u> =	<u>28</u> ft ²

(E) Total Plant Coverage Values = 1385 ft²

(F) Turf Conversion Area = 1500 ft²

(G) Plant Coverage [(E)/(F) x (100)] = 92 %

A full list of approved plants and their coverage area can be obtained online by searching "Water Smart Landscapes Program Plant List" or by contacting Associa Nevada South.

(F) Estimated Conversion Area = _____ ft²

(G) Plant Coverage [(E)/(F) x (100)] = _____ %

This form must be submitted with your landscape application. Please reference the ARC Guidelines for landscape schemes and required coverage areas for each.

Water Smart Landscapes Program Plant List

Together with the Southern Nevada Regional Planning Coalition (SNRPC), the Southern Nevada Water Authority (SNWA) has developed a list of plants that can be adapted to our desert environment in the Las Vegas area. It was created by members of the SNRPC's Regional Urban Forestry Working Group in conjunction with local experts including arborist, horticulturists, and urban foresters.

This list can be used as a tool for participants in the Water Smart Landscapes Program to calculate the 50% canopy coverage requirement. The square footage (coverage) value given for each plant is its mature size and will be used by the SNWA to determine the canopy coverage regardless of the size of the plant at the time of the inspection.

The list is not intended to be a list of the only plants allowed in the region, nor is it intended to be an exhaustive, comprehensive list of all desert-appropriate plants. In addition, it is not intended to restrict what plants residents choose to plant in their yards. Rather, we hope that this list will help residents and businesses make informed decisions about which plants to choose. The SNWA does not endorse or require the use of any or all plants found on this list. Participants may use any living plant, where the trunk or stem is within the converted area, towards meeting the 50% canopy coverage requirement.

The list is divided between trees and other plants, including shrubs, groundcovers, vines, succulents and perennials. It is sorted alphabetically by the common names of the plants. There are several columns of attributes that can be used to determine which plants are appropriate to use in specific situations.

Although we will calculate plant values for these, the following grasses/trees are no longer to be sold or planted. They are either on the State of Nevada's noxious weed list or banned by the Clark County Health District for their allergenic properties.

Plant Type	Common Name	Botanical Name	Plant Coverage Value (sq ft)
Ornamental Grass	Fountain Grass (Green)	Pennisetum setaceum	7
Tree	Mulberry	Morus alba	722
Tree	Olive Tree	Olea europaea	530

KEY																				
"Bulletproof" : Tolerant of heat, cold and wind; water efficient; low-maintenance; non-invasive; pest and disease resistant. Fairy Lily, Rain Lily	Perennial	<i>Zephyranthes</i> sp.		1	1	1	E, D	M	M	L	N	N	N	P	2	
Fern Pine	Shrub	<i>Podocarpus gracillor</i>		10	3	7	E	S	M	M	N	Y	Y	P, S	1	
Flax	Shrub	<i>Phormium</i> sp.		3	3	7	E	M	M	L	N	N	N	P	1, 2, some 4	
Fortnight Lily, Evergreen Iris	Perennial	<i>Dietes bicolor</i>		2	2	3	E	M	M	M	N	N	N	P, S	1	
Foxtail Fern	Shrub	<i>Asparagus densiflorus</i> 'Meyers'		2	3	7	E	M	M	L	N	N	N	P, S	1	
Glossy Privet	Shrub	<i>Ligustrum lucidum</i>		8	8	50	E	S	M	M	N	Y	Y	P, S	1	
Gold Dust Plant	Shrub	<i>Aucuba japonica</i> 'Variegata'		8	8	50	E	S	M	M	N	N	N	S	1	
Golden Arborvitae	Shrub	<i>P. o. 'Aurea Nana'</i>		4	2	3	E	S	M	M	N	Y	Y	P, S	1	
Green Bush Daisy	Shrub	<i>E. p. 'Viridis'</i>		3	3	7	E	F	L	H	N	N	Y	F	1	
Heavenly Bamboo	Shrub	<i>Nandina domestica</i>		6	4	13	E,S	S	L	M	N	Y	Y	P, S	1	
Hibiscus	Shrub	<i>Hibiscus</i> sp.		4	4	13	D,E,	M	M,H	L	N	N	N	P	1, 2, some 4	
Holly	Shrub	<i>Ilex</i> sp.		20	10	79	D,E	S	M	M	Y	Y	Y	F,P	1, 2	
Indian Hawthorn	Shrub	<i>Rhaphiolepis indica</i>		4	4	13	E	S	L	M	N	N	Y	P, S	1, 2	
Iris	Perennial	<i>Iris</i> sp.		3	2	3	D, S	M	M,H	L	N	N	N	P	1, 2, some 4	
Japanese Aralia	Shrub	<i>Fatsia japonica</i>		6	6	28	E	F	H	L	N	N	N	S	1	
Japanese Mock Orange	Shrub	<i>Pittosporum tobira</i>		8	8	50	E	S	M	M	N	Y	Y	P, S	1	
Lamb's Ear	Groundco	<i>Stachys byzantina</i>		1	2	3	E	F	M	M	N	N	N	P	1	
Old Man Cactus	Agave,	<i>Cephalocereus senilis</i>		6	4	13	E	S	L	M	Y	Y	N	P	4	
Oregon Grape	Shrub	<i>Berberis aquifolium (=Mahonia)</i>		4	5	20	E,S	S	L	M	Y	Y	Y	P, S	1	
Organ Pipe Cactus	Agave,	<i>Stenocereus thurberi</i>		10	3	7	E	S	L	H	Y	Y	N	F, P	4	
Oriental Arborvitae	Shrub	<i>Platycladus orientalis</i>		20	10	79	E	S	M	M	N	Y	Y	P, S	1, 2	
Pink Jasmine	Vine	<i>Jasminum polyanthum</i>		10	5	20	S	M,F	M	M	N	N	N	P	1	
Pygmy Date Palm	Shrub	<i>Phoenix roebelenii</i>		6	7	38	E	S,M	M	L	Y	N	N	P	4	
Redtip Photinia, Fraser's Photinia	Shrub	<i>Photinia x fraseri</i>		8	6	28	E	S	M	M	N	Y	Y	P, S	1	
Star Jasmine	Vine	<i>Trachelospermum jasminoides</i>		10	5	20	E	S	M	M	N	N	N	P, S	1	
Sweet Broom	Shrub	<i>Genista racemosa</i>		6	6	28	E	F	M	M	N	N	N	F	1	
Variegated Mock Orange	Shrub	<i>P. t. 'Variegata'</i>		8	8	50	E	S	M	M	N	Y	Y	P, S	1	
Viburnum	Shrub	<i>Viburnum</i> sp.		8	8	50	E	S	M	M	N	Y	Y	P, S	1	
Virginia Creeper	Vine	<i>Parthenocissus quinquefolia</i>		10	5	20	D, S	F	M	L	N	N	N	P, S	1, 5	
Wallflower	Perennial	<i>Erysimum linifolium</i>		2	2	3	E	M	L, M	M	N	N	N	P	1	
Waxleaf Privet, Japanese Privet	Shrub	<i>Ligustrum japonicum</i>		8	8	50	E	S	M	M	N	Y	Y	P, S	1	
Wheeler's Dwarf Mock Orange	Shrub	<i>P. t. 'Wheeler's Dwarf'</i>		2	4	13	E	S	M	M	N	N	N	P, S	1	
Wilson Holly	Shrub	<i>Ilex altaclarensis 'Wilsonii'</i>		15	10	79	E	M	M	M	Y	Y	Y	F,P	8	
Yellow Bush Daisy, Euryops Daisy	Shrub	<i>Euryops pectinatus</i>		3	3	7	E	F	L	H	N	N	Y	F	1
