I grew up in North Olmsted and currently live in Olmsted Township, with my crazy rescue pup. Prior to becoming an agent, I worked for 22 years as a recruiter for a customer service call center. I really enjoy talking with people, listening to their stories and watching them progress in their careers.

Despite this, I have always felt I wanted to do more. In October of 2015, I lost my beloved husband, Paul, to cancer. This life experience and the realities of dealing with insurance, funeral trusts, and budgeting for the future led me to the realization that I could help others with some of these issues. Seniors, in particular need assistance due to the complexities of Medicare, which is overwhelming to most people. I also feel that people need to be educated in regards to long term care insurance, income replacement and other insurance needs. I am here to help. people find what works best for their particular situation – insurance is not a “one size fits all” type of business!

I am also a registered rep and work with investments. I look forward to working more in the Federal Benefits arena, assisting federal employees with the complexities of their retirement benefits.
