Description:

Learn the basics of floor care theory and practice, problem identification and solutions. Increase productivity through the use of State of the Art techniques. Includes practical hands on demonstrations and exercises in floor stripping and finishing, dust mopping, spray buffing and damp mopping techniques. Discussions regarding the proper use of chemicals, tools and equipment. We will review of industry floor care terms and concepts, and a review of new technology in floor care.

Who should Attend?

Custodians staff, Custodial Supervisors and Volunteers.

Session:

Full Day Training at a location of your choice

Investment:
