

Powerful Devices

Devices that deliver the power of a PC and the mobility of a tablet from leading brands including Lenovo, HP, Asus, Acer and more.

Tools for Learning

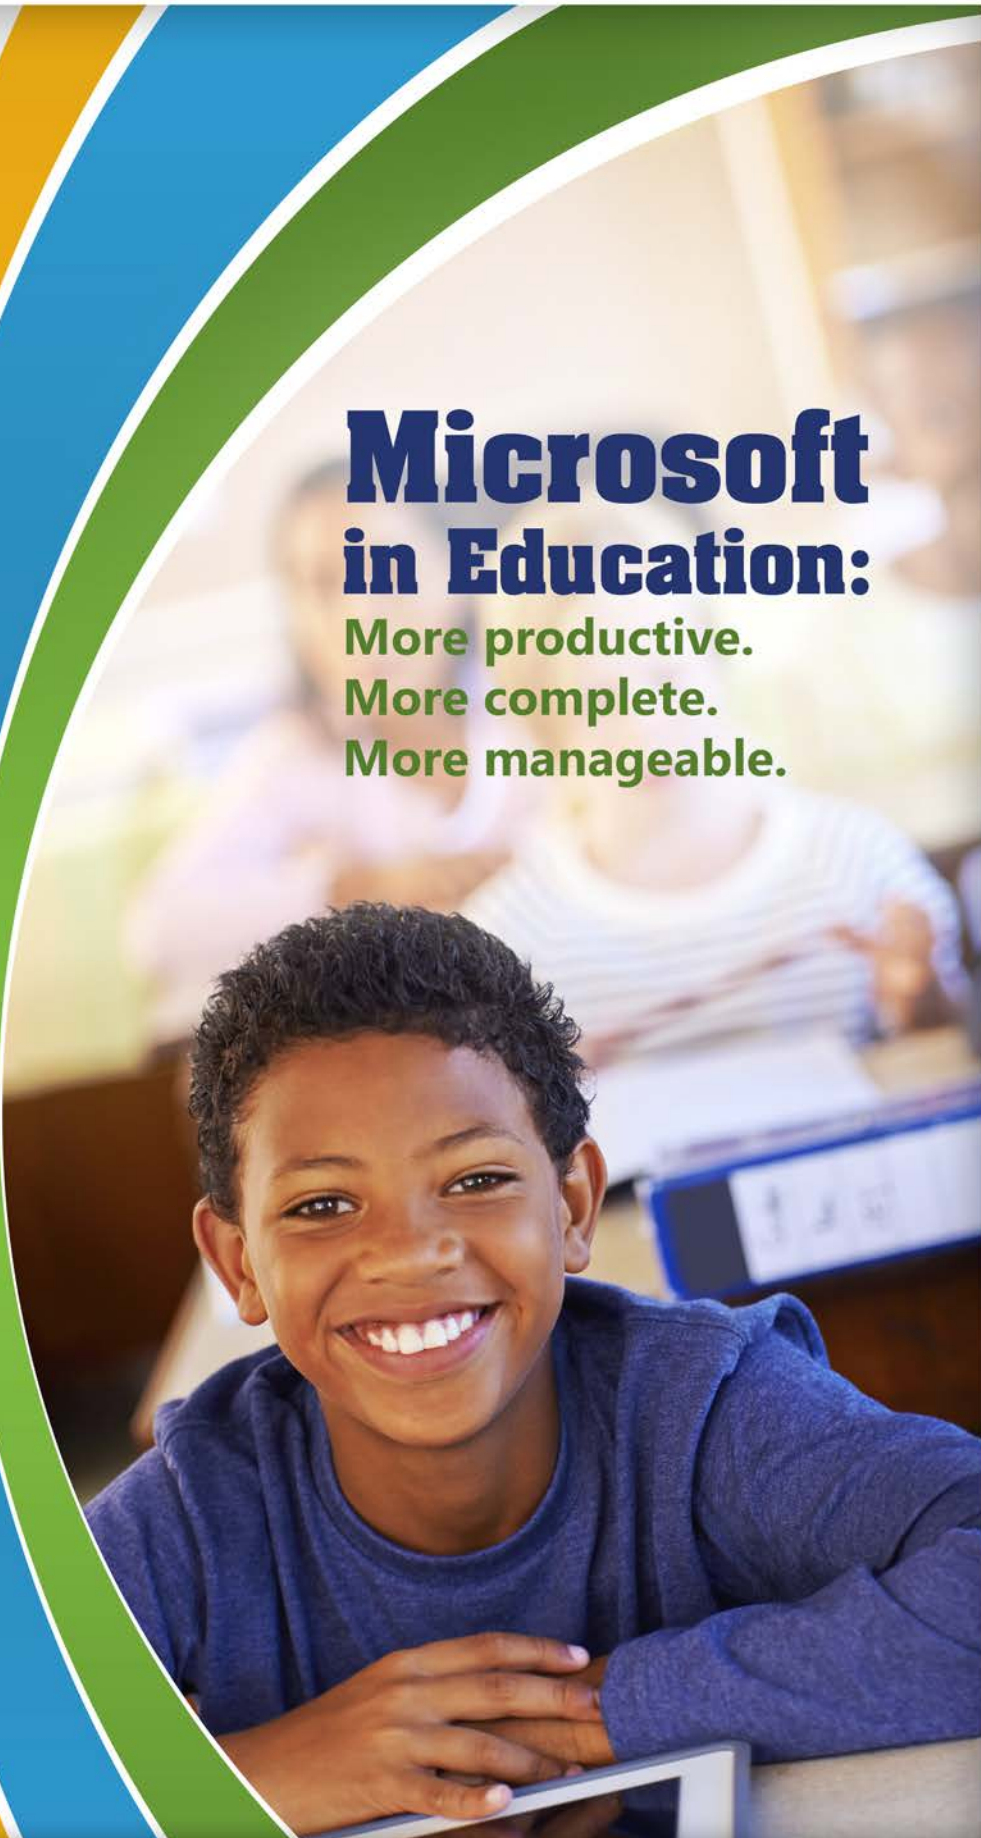

Education apps and tools that inspire students to consume, create and produce knowledge. Free Office 365 for all students at qualifying schools and Bing for Schools - a tailored, ad-free, strict filtered privacy protected search experience for K-12 students.

Training & Professional Development for Educators

Free and low-cost professional development and training for faculty and staff. "Teaching with Technology" courses and an online Microsoft Educator Network.

Manageability Solution

Manage all devices and services with Microsoft Intune. Keep schools running and students safe with PC management capabilities from the cloud.

A young boy with dark skin and curly hair, wearing a blue hoodie, is smiling broadly while looking at a tablet computer. He is sitting at a desk in a classroom. In the background, other students are blurred, and a teacher is visible. The scene is brightly lit, suggesting a sunny day.

Microsoft in Education:

More productive.
More complete.
More manageable.
