

Re-establishing

I woke up several mornings ago, and before my eyes were fully opened, I sensed something going on. Let me explain. I just sensed things going on behind the scenes that can't be seen. It's not about what you see, its about what you can't see. I feel so strongly to stress this:

"Its not about the things you see, it's about the things you can't see. You are re-establishing ground in areas He has called you to."

I want to encourage you each to PRESS in hard for whatever it is you are trusting Him for. I know you've heard this before. I know I am not saying anything you not have not heard before. But honestly, it's reverberating through my spirit over and over, "It's not about what you see, its about what you can't see." Say it: "It's not about what I see, it's about what I can't see."

God has a plan here. As you press in, you are re-establishing your ground in areas He has called you to. As you press in, your feet signal what ground belongs to you. For what He has spoken to you rightfully belongs to you. It belongs to you!

Yes, there are giants that are trying to remain in areas that do not belong to them. They are trying to prevent you from advancing. They are trying to gain additional space on your land and in your lives. They are trying to lay claim to what does not belong to them. They are trying to lay claim to what belongs to you now and in the future.

Hear this. Let there be no doubt. HE is REDEEMING BACK those THINGS to you that rightfully belong to you. They belong to you! Whatever it is that belongs to you, or was taken from you, the Lord has already REDEEMED it back for you. Just because you don't see it yet, doesn't mean He hasn't. HIS REDEMPTIVE plans are being restored back to you. It has always been rightfully yours. He is moving on your behalf, these are HIS plans for your life, and for this time.

I tell you....God has plans for you (Jeremiah 29:11). Plans that are REDEMPTIVE (Luke 19:10), PLANS that are ETERNAL (Ephesians 3:11), PLANS that are LIFE (John 10:10).
