Set individual user permissions to control access to sensitive information	✓		
Work in two company files at the same time ⁷	✓		
Consolidate reports from multiple company files ⁸	✓		

1. Requires purchase of additional licenses. All users must be on the same-year version of QuickBooks to access the same company file.

2. Enterprise allows you to add up to one million items (e.g. inventory, non-inventory, and service items.) Some performance degradation is likely as your lists approach these size thresholds.

3. Additional fees apply for the QuickBooks Enterprise Hosting Service subscription. Hosting Service is available for QuickBooks Enterprise only and is valid for number of users equal to or less than the number of QuickBooks Enterprise users assigned to customer's Intuit account. QuickBooks Enterprise sold separately; a valid QuickBooks Enterprise license code must be provided to Right Networks. Contact Right Networks to contract third party software. Support for Hosting Service provided by Right Networks. Terms, conditions, pricing, service and support options are subject to change without notice.

4. Advanced Inventory is included in the Platinum subscription. Requires QuickBooks Enterprise with an active QuickBooks Enterprise subscription and an Internet connection. You'll automatically receive any new versions of our product that are released, and when and if available, along with updates to your current version.

5. Advanced Reporting requires an active QuickBooks Desktop Enterprise subscription and an Internet connection. You'll automatically receive any new versions of our product that are released, when and if available, along with updates to your current version.

6. The QuickBooks Enterprise subscription is good for 12 months from QuickBooks Enterprise purchase date subscription renewal date. You have the option to add Intuit Data Protect for free as an active subscriber to QuickBooks Enterprise. Service begins as of the date activated and continues through to the expiration date of your QuickBooks Enterprise subscription. Online Backup Service requires Internet access and an active QuickBooks Enterprise subscription. Entire PC is limited to 100GB total storage, which includes all 45 days which you have stored. In some cases data damage may be too extensive and the data file may be non-recoverable. QuickBooks support is available 24 hours a day, seven days a week; the U.S.-based QuickBooks Enterprise support team is available weekdays from 4:00 a.m.-7:00 p.m. Pacific Standard time. Support hours exclude occasional downtime due to system and server maintenance, company events, observed U.S. holidays and events beyond our control. Intuit reserves the right to limit each telephone contact to one hour and to one incident. Active QuickBooks Enterprise subscription members receive new versions of our products when and if released within 12 months of QuickBooks Enterprise purchase date or subscription renewal date. Online access to training is included with each QuickBooks Enterprise subscription. Terms, conditions, pricing, features, service and support options are subject to change without notice. See terms and conditions at qbes.com/terms.

7. Some functionality may be limited when running two instances. See www.qbes.com/sysreq for more information.

8. Requires Office 2007, 2010, 2013 or Office 365. Company files must all be on the same version of QuickBooks Desktop Enterprise.
