

Golden Lift Chairs

AMERICA'S #1 SELLING BRAND

WINTER 2018

Our American made power lift recliners come in a variety of shapes and sizes for the perfect fit. Our premium fabrics match nearly every décor, and our patented technologies give you the most comfortable powered lift and recline experience.

What's so special about MaxiComfort's PATENTED POSITIONING?

MaxiComfort® chairs are the most advanced power lift recliners anywhere in the world! MaxiComfort is the only patented recline technology that can glide you smoothly into an unlimited number of comfort positions not found on standard lift chairs. This exclusive line of power lift recliners is controlled by an easy to use hand control called AutoDrive™, which can memorize your favorite settings. Choose from optimal comfort positions that promote health, wellness, and relaxation for both your body and your mind.

Consult with your physician regarding using the Trendelenburg position.
The Trendelenburg position is not available on the PR505-JPT.

GOLDEN AutoDrive™ 3.0 CUSTOMIZED COMFORT

AutoDrive™ has taken the guesswork out of getting in to or out of your favorite positions. AutoDrive assists in finding favorite comfort positions and it can memorize up to four positions. Find **Total Control, Position Control** or **Comfort Control**. You can Lift, Recline, Watch TV, Sleep, or enjoy the wellness benefits of the Zero-gravity and Trendelenburg positions, all at the touch of the AutoDrive buttons.

The Cloud™ power lift recliners are the world's most comfortable and offer the ultimate in relaxation and rejuvenation. Our unique, ergonomic seating system offers long-term comfort and support. Now available in two styles!

The Cloud™ PR512 is the newest edition to the Cloud family, featuring our exclusive PowerPillow™ articulating headrest and a modern back design.
