

Club Corner

Our Staff has had a busy few weeks with welcoming over 250 girls to tryouts at AOA. This year, UBV will field **16 competitive teams** at the Regional (11's), American (12's-16's), and Elite (12's-17's) levels.

Our coaches saw so much talent and dedication to the sport of volleyball, that they cannot wait to get started in just a few short weeks!

Please let us know if you have any questions or concerns about club procedures and we look forward to welcoming you all to our Utopia family!

This Sunday, we invite all confirmed Utopia players to Andrews Osborne Academy to try on uniforms and decide on UBV gear for the season. If a player cannot make their assigned time slot shown above, they can come at another time, or make-up by appointment (contact club).

Staff will also be onsite to assist with the following:

- Contract signatures
- Medical forms
- OVR full membership registration
- Club fee options and payments

Never too early to think about OVR Championships this May

In the past, Utopia has provided room blocks for our families for OVR Championships in Columbus. Unfortunately, the OVR has blocked many of the hotels that weekend, so if you are looking to stay at the Hilton or Hyatt, you must go through the OVR for the best rate.

There are many other hotels in the area, however, being attached to the Convention Center is very nice. This year, teams will be on their own to coordinate their stay in Columbus, and must go through the following link to reserve rooms. We highly suggest doing this early, as many hotels tend to sell out months in advance:

Educational Corner

Can't wait for the season to get started? USA Volleyball provided some fun games for players to keep their skills up, either by themselves or with 1-2 friends. You don't have to have an open court to train! View some fun suggestions [here](#).

Wishing all Utopia athletes and families a safe and enjoyable Thanksgiving!
