RE: Temporary Producer and Apprentice Adjuster License Applications and Expiration

Corrected Link

On March 26, 2020, the Oklahoma Insurance Department (OID), led by Commissioner Glen Mulready, made available Temporary Producer and Apprentice Adjuster licenses due to the COVID-19 related closure of PROMETRIC testing centers nationwide. On June 1, 2020, PROMETRIC opened all Oklahoma testing centers at 100% seating capacity.

For the past few weeks, the OID has been monitoring testing capacity and has determined that testing availability is sufficient to support the current need. Therefore, effective June 25, 2020, the OID will no longer accept Temporary Producer and Apprentice Adjuster license applications. Pending applications received in our office by June 25, 2020, will continue to be processed.

All Temporary Producer and Apprentice Adjuster licenses shall expire on September 1, 2020. We will work with our Database provider (SBS) to accurately reflect these expiration dates on issued temporary licenses. The OID will email temporary licensees a reminder that the temporary license will expire. **The Licensing Division encourages all temporary licensees to prepare for and schedule their examinations.** Study material is available for purchase from our webpage www.licensing.oid.ok.gov as well as the most recent Licensing Information Bulletin from the Exam Vendor which includes outlines for each examination.

As always, the OID will continue to monitor the public health event and act accordingly. Additional notices related to the temporary license will be posted on the OID website and emailed.

The mission of the Oklahoma Insurance Department is to protect and enhance the financial security of Oklahoma and Oklahomans. Thank you in advance for your patience and understanding as we all work together to minimize delays and hardships to our licensees and the industry while still providing the protection needed to Oklahoma Consumers.
