

# PHILADELPHIAN TREE OF LIFE

## HIDDEN ENCRYPTED YEAR COUNTDOWN & LEY LINES

The Ben Franklin Avenue is not only an encrypted Tree of Life, a Serpent and leading up to the museum in anthropomorphic dimensions, but it is also an Obelisk. This Obelisk is in phi ratio to the Washington Statue much as it is in Washington, D.C. This phi ratio is a mirror if its image along the lings of As Above, So Below. This is seen also in the numeration assigned. The Washington Statue corresponds with the 666 and the Swann Memorial Fountain with the 999 numerical correspondence pertaining to the ley lines of the Tree of Life.

### TREE OF LIFE

The Luciferians use numerology to coincide with events, time and space to accent their demonic plans on Earth. They seek to synchronize the spiritual with the material and use man and women on this side of the veil to incorporate their Kabbalistic rituals of magic. Such use Earth's energy ley lines for example and build key building on such energy sources to harness energies and influence the material world. Key events in the world are scheduled by the world leaders that are in league with the Luciferian agenda to eventually mold and transform all into the image of Lucifer.

The American President Barack Hussein Obama received the Roman High Priest at the White House looking towards the Obelisk or Shaft of Ba'al. The Ben Franklin Ave Tree of Life is also a masked Obelisk whose base foundation is at the coordinates of '1776'.

The significance of the avenue layout of Philadelphia is not only laid out as Tree of Life grid but it is also in approximate phi ratio proportions. The phi spiral will be used to enhance the relationship where the statue of Washington is at the fulcrum. The layout is a monument to the number 1776. This sacred number is somehow synchronized to the Year of Light or Lucifer 5776.
