Adoption Day Supplies

Prior to bringing your greyhound home, you will need to have a few supplies on hand. Here are items we recommend to help make your new pet's transition a smooth one.

1. Two quart food and water bowls. We recommend stainless steel.
2. High feeder, approximately 15-16" high, available at most pet stores. (Many come with stainless steel bowls recommended in #1).
3. Dog bed or old comforter. If you have stairs in your home, you may want to have a dog bed for upstairs and one for downstairs. (Your greyhound will follow you around.)
4. A bag of good quality dry dog food. Avoid dog food where the first ingredient is corn. Many greyhounds do well on grain-free food. GST Hounds are currently eating Purina One Lamb and Rice. Most greyhounds will require from 3 ½ – 5 cups per day, disbursed in two feedings.
5. Dog Treats. We recommend the Milk Bone type crunchy treats. "Greenies" are excellent for cleaning your dog's teeth as they chew. (Stay away from pig ears, cow hoofs, and any dog treats not made in the United States.)
6. ID tag for your greyhound with your phone numbers. These are available for a nominal price at most pet stores. Dog Tag Art allows you to customize or design your own tags. Visit them at www.dogtagart.com. Additionally, <http://www.boomerangtags.com/> offers a very good quality.
7. After you bring your greyhound home, you will also need to purchase your county rabies tag, either from your vet or from Animal Services.
8. You will NOT need to purchase a collar or leash. We provide a greyhound-safe martingale collar and leash of your choice when you complete your adoption paperwork.
9. You may wish to purchase a greyhound coat for cold weather.
