Hermosa Mariposa, beautiful butterfly

Vuelo en el viento. It flies so high it can touch the sky

La mariposa es la flor, the butterfly is on the flower

Beber todo el nectar, drinking nectar to stay healthy

To begin a long journey, vuelo mucho

First it was a caterpillar, primero era una oruga

Comio para ser fuerte, it ate the leaves to get stronger

Then it went into hibernation, construyendo un capullo

To become a Mariposa, Hermosa butterfly
