## About Our Mission

Our mission is to enable all young people, especially those who need us the most, to reach their full potential as productive, caring, responsible citizens.

## What We Provide

### A SAFE PLACE...

for those who might otherwise be left alone after school or on the streets with no guidance. The Club is a safe place to play and be yourself.

### LIFE ENHANCING LEARNING PROGRAMS...

that can open young minds. Boys & Girls Clubs expose youth to new ideas and skills that prepare them for life. We teach the importance of character in all programs. The Club provides members with computers and other tools that enable them to be successful.

### A RELATIONSHIP WITH CARING, TRAINED ADULTS...

the better the program; the more children we can attract; the more likely they will build a relationship with a caring adult; the more opportunity our Boys & Girls Clubs can positively influence the character of a child.

### YOUR GENEROSITY WILL MAKE THIS IMPACT POSSIBLE.

**GREAT FUTURES START [HERE](#).**

## Tea Off to Help Kids

Every year the Boys & Girls Clubs of Lodi & Hackensack hosts a golf outing to support its academic programs. This year's golf outing will support STEAM programming at the clubs. STEAM is a program that provides students who otherwise would not be exposed, with 21st Century skills in the key areas of Science, Technology, Engineering, Art and Math.

In addition to our push towards STEAM education, we also provide children with other programs in core areas of personal self growth.

Our mentoring program provides high-risk children with a mentor trained to act as a person of guidance and comfort as some of our children lack this care and compassion outside the club. We also offer our successful teen program, The Keystone Club. This group is structured to teach teens to work together and help others amongst their community focusing on key areas of success: Community Service, Academic Success, Leadership Development & Career preparation.
