

Be Willing

Be willing to step out in faith with God. It is time to stop letting fear operate in you. Do not let fear deceive you anymore. Don't Stop. Don't quit.

Where God is leading you is best place to be. Stay with God's plan. In order to follow Him, you have to stop controlling things. Your control hinders what He wants to do in your life.

He is your solution. He will go before you. He will fight for you. Do not fear. Do not let fear dictate how you respond.

Do not worry about how you will do it. He has placed everything in you that you need to accomplish the tasks He has given you. Let God lead you step by step. Let Him be your focus. Your focus must be on Jesus for He is the source of your life.

He will guide you along this path. He will protect you each step of the way. You lack nothing! Just use what He gave you!
