- 24. Paint guide rope post leading from dorms- Exterior White**
- 25. Paint guide rope post leading from pool to climbing wall- Exterior White**
- 26. Remove and pressure wash hood vents above stove in kitchen**

27. "Climbing Wall Repairs and Maintenance"

There was a need for repairs on the climbing wall after last years summer camp season. The structural cables and guide wires were replaced by a licensed professional. The remaining part of needed repairs consist of removing all the climbing hand and foot holds, pressure washing the wall. After wall dries it must be treated with Thompsons Wood Treatment, climbing hand and foot holds remounted to the wall and secured.

This project will be a week-long process and a minimum 45' moveable two-person man lift will be needed.

Rental for this machine is \$750.00 per week, \$90.00 delivery and pick-up plus taxes.

Thompsons Wood Treatment Cost- \$150.00

Georgia Lions Camp Work Weekend Reservation Form

Complete and fax to the Camp at (912) 283-5130
Please contact the camp's office (912)283-4320 with any questions
or if changes occur after this form has been submitted

Projects

Install an Outdoor Volley Ball Recreation Area

Even though our campers may have a vision problem there is a way for them to play volley ball

This would give the camp another program or activity to offer our campers and other groups that would benefit from the use of a volley ball court (Sand)

Rental groups would use this area.

Items needed to construct;

Sand - three maybe four loads - \$100.00 each

Boundary and stationary poles - \$300.00

Net - \$100.00

Construct a free-standing shelter/ with a storage room. For use during one of the camp's activities- Bows and Arrows/ Air Rifles

There is a need for a target range. This activity needs to be located up near the main area of the camp.

A shelter with separated/ open standing stalls for campers and possible rental groups is needed.

This shelter would be constructed to accommodate up to six shooters

Estimated Cost - \$1,000.00

Install a half court sized Basketball Court and include a new stationary basketball goal

There have been several inquiries about the camp having an outdoor basketball court.

This would be another asset for our camp's mission.

**To provide more programs for the blind or handicapped individuals.
To help them become more independent and build on their goals that they may want to achieve.**

This would need to be a 50' x 50' concreted area

Seeking cost proposals at this time for future consideration.

There will also be a cost for the goal, pole and padding.

2018 Camp Needs;

Listed below are everyday items that are needed at the camp.
Anyone can help with the following items,

Needs list of items that would help with annual camp cost;

Toilet Supplies, tissue, roll paper towels, tri-fold paper towels
Hand sanitizer, individual size
Hand soap, liquid
Travel size tooth paste
Travel size deodorant
Travel tooth brush
Travel hand soap
Sunscreen- 50 SPF and higher
Bug spray
Non-latex disposable gloves, S-M-L
Garbage bags,
small 5/6 gallon
13 gallons
33-gallon kitchen
55 gallons or larger industrial
Cleaning supplies,
liquid bleach
liquid comet
toilet bowl cleaner
dish detergent (dawn preferred)
Spray room deodorant
Liquid floor cleaner
Laundry detergent
Windex window cleaner
Dish Towels

Video descriptive movies (Age appropriate) Gift cards to purchase these may help with multiple movies of the same. Please designate usage of the card.

Board Games for the visually impaired/blind. Gift cards would be appropriate. Please designate usage of the card.

Gift Cards to purchase Arts and Crafts supplies. Please designate usage of the card.

Gift cards to purchase outdoor activity supplies. Please designate usage of the card.

Gift cards to purchase indoor activity supplies. Please designate usage of the card.

Gift cards are helpful in many needs that arise during camping season or in the preparation of camping sessions. All cards will be acknowledged as to where they were used.

Christmas Camp: we always need new outdoor Christmas Lights. Solid colors or just plain clear. No Blinking Lights!

We need Flat Twin Size White sheets. We need about 30.

No fitted twin size needed at this time. However, if they come in sets we will not turn them away.

This is a lot of information, but I hope you can help the camp in some way with needs requested.

Thanks again,
Mike Williams
Georgia Lions Camp for the Blind

Building and Grounds Needs

NEED:

Drinking water filtration system;

I personally recommend a Berkey Filtration System. Unit is portable and can be stored so it is only used for camp functions. We use a 2.5-gallon system at home and have been using it here at the camp for the past seven years. We have never changed the original Blackberry Purification Elements. I just remove and clean them periodically.

I recommend the camp purchase one maybe two Crown Berkey's. The units come with two elements each and will produce up to 6.5 gallons of pure water per hour. If we increase the elements to four you can double the water purification per hour.

No more sulfur taste, removes iron also. You can place common waste water in the unit and the purified water will be safe to drink. If power goes out, unit still works. Gravity fed system.

This unit cost \$375.00 – two filters -- \$425.00 – four filters
Sometimes they have scratch and dent items and you could save \$50.00

No more bottled water would have to be purchase

NEED:

A commercial size washing machine and a commercial size clothes dryer is needed. Camp is using refurbished laundry mat washers and dryers donated to the camp. They usually last only a couple of years. During camp season these machines are used regularly and now with new programs here at the camp, they will be used more frequently. Cost?? Please put the word out.

NEED:

The camp is still in need of a new privacy fence with an entry gate to replace the current fence that is around the Gas Tank located at the rear of the kitchen.

Cost to purchase materials \$550.00

This is vinyl fencing materials which will hold up longer than wooden fencing.

NEED:

44 – 8’ plastic tables to replace damaged and worn tables at camp

This is no longer a NEED.

12 were purchased by the Snellville Lions Club and the remaining

32 have been purchased by The Douglas Lions Club.

Thanks to all of you for covering this need.

Anyone looking for some heavy, slightly used 8' pressed board tables, please give the camp a call. We may have at least 20 that are still in pretty fare shape.

NEED:TOOL

**The need of a Pole Chain Saw has been taken care of.
Saw was furnished by David McDonald in memory of;
Past District Governor John Singletary**

NEED:

By the end of the summer (it may not last that long) the Mower Deck on the camp's Zero Turn will need replacing. It has been refurbished twice already. Est. cost \$2,100.00 This deck was replaced in 2014. Cost at that time was \$1,850.00.

NEED:

We need to replace several blinds throughout the camp.
Two in the girl's main dorm- sitting area these are 6' blinds
Two in the girl's dorm sleeping area – these are shorter blinds
Two in the boy's main dorm- sitting area these are 6' blinds
Three in the dining hall – 6' blinds

These blinds were not top quality when purchased. They are starting to fall apart.

The need of Faux blinds would last much longer
