

Emergency Veterinary Technician or qualified assistant

Animal Emergency of Gainesville, located Gainesville Georgia is looking for a confident person that can work without second to second supervision and wishes to work in an emergent and critical care environment. Our physical address is 275 Pearl Nix Parkway.

Contact Brant Pate directly at 770-534-2911 and leave message if needed.

New graduate is welcome if motivated to learn. We are a small, low volume, shareholder owned practice that serves Hall county and the surrounding counties as well. Hours during the week are 6p to 8am the following morning and on weekends we are open until 8am the following Monday morning.

This is not a referral practice and we deal strictly with emergency and critical care and then transfer back to the family practice for continued care.

Close to mountains, lake, and other outdoor entertainment. Close enough to Metro Atlanta if you feel the need to fight traffic and congested areas.
