

Village of Innsbrook

1835 Highway F, Innsbrook, MO 63390

www.villageofinnsbrook.org T: 636-745-8844

Dear Innsbrook Community Member,

The Village of Innsbrook understands the vast amount of information coming at us at an alarming speed. We want our entire community to know, we are all in this together. The Village of Innsbrook strives to provide timely and accurate information in the form of this weekly E-Newsletter. Our promise is to communicate directly to you until our community is no longer at risk for the COVID-19 community spread. We appreciate your patience during these stressful and trying times. It is our hope, that everyone follows the CDC guidelines and remains safe and healthy.

Statewide Social Distancing Order

The Village strongly encourages everyone to follow the order that the Missouri Department of Health and Senior Services has issued limiting social interaction statewide.

- Gatherings of 10 people or more are prohibited.
- Eating and drinking at restaurants and bars to be avoided. The use of drive-thru, pickup, or delivery is allowed.
- No visitations to nursing homes.
- Visits to grocery stores, banks, parks (for solitary exercise), gas stations still permitted with social distancing.

More Important News

Message From Warren County

This is an important safety message from the Warren County Health Department regarding COVID-19. We encourage the citizens of Warren County to practice the following steps to minimize your exposure and to help slow the spread of the COVID-19 virus in our county: Stay home as much as possible. Avoid social gatherings of 10 or more. Avoid any non-essential travel. Practice social distancing of 6 feet or more when at the grocery store. If you are sick, stay home and contact your healthcare provider. If you are in need of resources please call the Warren County Health Department at 636-456-7474.

For Persons With Covid-19 Under Home Isolation:

Persons with COVID-19 who have symptoms and were directed to care for themselves at home may discontinue home isolation under the following conditions: At least 3 days (72 hours) have passed since recovery defined as resolution of fever without the use of fever-reducing medications and improvement in respiratory symptoms (e.g., cough, shortness of breath); and, At least 7 days have passed since symptoms first appeared. This recommendation will prevent most, but may not prevent all instances of secondary spread. The risk of transmission after recovery, is likely very substantially less than that during illness.
