

Eco-Challenge Timeline

In this student-led project, you are encouraged to ask questions, seek advice from mentors and coaches during the optional (3) Eco-Lab sessions. You and your team are responsible for submitting your project work (PW#1 and PW#2) by the due dates (see 2 orange boxes.) Assignments will be posted in the Google Classroom. To compete in the Eco-Challenge on May 9th, you must participate in the rehearsal and complete the 2 project work assignments.
