III. Old Business

- A. The board discussed trying to host the AirFair again in the Fall after having postponed twice due to weather in the spring. We are planning the same events with the possibility of a couple other events. The Wichita CAF is planning on bringing their T50 Bobcat to give rides. We are planning on airplane rides, Jeep rides, a fly-in, CAF plane rides, static military planes, food trucks and face painting for the kids. We are looking for planes and pilots to help. Tom also mentioned maybe taking pictures for the passengers after the ride. We discussed different dates and decided that September 18th would be a good possibility. We are going to look at if there is any problems with that date.
- B. We discussed the AWOS system and Pat told the board that he has been able to make some repairs to the system to keep it working after the recent storms. He also informed the board that we are banking the money that we have saved from the technician fee for when it fails and we can purchase an advisory system.

IV. New Business

- A. Pat told the board that he had looked into getting an aircraft as a display for the airport. The aircraft he is hoping to acquire is an A10 Warthog out of Whiteman AFB. The board discussed the hurdles to transport and display the aircraft. Pat is going to continue to look into the project.
- B. Pat updated Roger on the runway project as he has missed several of the last meetings. We also discussed strategies for land purchases.
