

Fri. 3rd: Office Hours. NO clients.

Conducted map research work pertaining to the property of Rocco Leo, map #3 lot #2-F. This was an attempt to date when various plots pertaining to the original lot #2 were divided and to examine how these dates comply within the “sub-division” ordinance. The maps reflected the original #2 lot and 6 other lot divisions ranging from A to F.

A planning board review is scheduled for February 9th to further examine the sequence and dating of lot division. Rocco Leo wishes to sell a 5 acre parcel from his #2-F lot and needs to comply to the “5-year rule” when dividing land.
