Water Conservation Tips

Inside

- * Do run the dishwasher and washing machine only when full. Save even more by using the short cycle
- * Don't let the water run while washing dishes. Kitchen faucets use 2 to 3 gallons a minute. Filling a basin only takes 10 gallons to wash and rinse

Outside

- * Don't allow sprinklers to water your street
- * Only water your lawn or plants before 9am or after 7pm
- * Place 3-4"layer of mulch around trees and plants to retain moisture to keep the soil cool

Bathroom

- * Do take short shower and save 5 to 7 gallons a minute
- * Don't run the water while shaving, washing your hands or brushing your teeth. Faucets used 2 to 3 gallons a minute

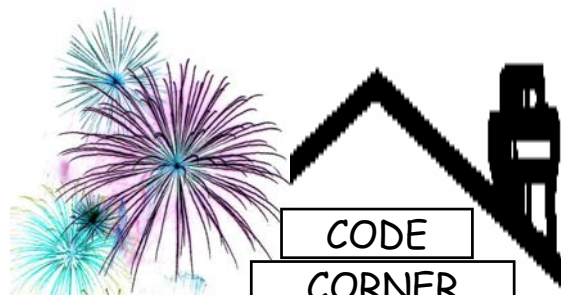

Everywhere

- * Do repair leaky faucets and turn taps off tightly. A slow drip wastes 15 to 20 gallons each day
- * Don't open fire hydrants

The water project is nearing the end! Once the project is over we will have NO Cast Iron Service Lines in town, 13 new Fire Hydrants and 10,535 LF of new lines! The final part of the project is having the Water Tower interior and exterior painted. We know there are some yards around that were disrupted by the project and they will be fixed. The yards will be taken care of after the entire project is finished.

The City would like to remind homeowners to mow your grass in a manner so that the grass is not blown out onto the roadway. Grass accumulation on the roadway can damage the structure of the roadbed as accumulated grass clippings hold water and blocks proper drainage, thereby causing subsequent road deterioration.

The Moran Police Departments encourages you to always remember your outdoor pets

Summertime humidity and high temperatures are just around the corner. These weather conditions require extra care for your outdoor pets.

- ◆ Never leave an animal in your vehicle, as temperatures inside a vehicle can reach well over 120 degrees in a matter of minutes.
- ◆ Be alert to the signs of heat exhaustion. Look for excessive panting or general lethargy, which may be signs your dog is overheated.

Always be certain outdoor pets have access to plenty of shade and fresh water.

Officer Smith would like to remind everyone that School is out and Summer is officially in session!

Please be more cautious on the streets as there will be more kiddos out and about with VBS, Summer Ball and other activities going on.
