

Do You Believe Him?

God uniquely designed each person not just for connecting with Him but for specific Kingdom purposes. God designed each individual to make contributions to the Kingdom of Heaven. We were created for His eternal purposes that are being fulfilled here on earth. God calls each of us to certain activities that work with how He created us to be.

God always operates this way. When God calls you something, that's what you are. You may not look like it, you may not feel like it, others may even try to tell you that you are not like it, but God's Word is the truth no matter what! He speaks things into being.

You are not who others say you are. You are who God says you are.

We can face many doubts in life. The devil will fill our minds with them and will use people to do the same. Can I be real with you? Unless their credentials include "*Dying on the Cross for you*" and "*Defeating death itself by being resurrected in three days,*" their opinions mean nothing!

Do you believe what God says about you?

Don't get me wrong. Your relationships with other people are vital to the Kingdom. Your life centers around your faith in God, and that's how you grow closer to God and others. Life is all about relationships with Christ always being the center and your personality plays a big part in how those relationships develop. Many times, you must rely on God's power to help you, not the words of other people.

If God calls us overcomers (and He does in I John 5:4) that's what we are. We aren't going to become overcomers one of these days. We already are because God said so. If we've made Jesus the Lord of our lives, we are born of God, and He said "Whatever is born of God overcometh the world."

When you see someone walking by faith and walking in the spirit, you can be sure they are walking in the Word. The real difference between operating in who He has called you to be lies not with you but with who God says you are. You can put your faith in who God says you are, take His direction and eliminate all the garbage in between.

When God speaks to us, there are multiple treasures that we can receive concerning His word if we let it dwell in our hearts. You've already made the decision to listen to God who knows who you are. Now trust the One who guides and provides.

God has already provided all the ability, wisdom, perseverance and strength you need to accomplish what He has called you to do. You are who HE SAYS YOU ARE!

So, the next time another person, your circumstances, or your mind try to tell you differently, your response had better be . . ."I am who God says I am!"
