

Update from the President:

Fall Greetings,

Hope this finds you all well, whether you are at TR, packing, traveling or tucked safely at home. Things are certainly getting underway. I so appreciate everyone's dedication and willingness to look at safe ways to have fun at TR. As you may know, Florida went to Phase 3; however we fall into the **high risk** category and it is left to the business to decide how to best function and keep their people safe. We have decided to move forward with our plan to keep our buildings and activities as safe as we can through social distancing, mask wearing and sanitizing. But that doesn't mean we can't have fun! When things get tough the tough get going.

Wednesday Entertainment is happening! As exciting as that is, we are going to need everyone that plans on attending to follow the rules in order for this to be successful and continue to be an amenity the Park can offer. The chairs must remain where they are placed when you arrive. The chair placement is there to meet the social distancing guidelines we must adhere to in order to provide a safe performance. There will be two shows. You will be given a specific colored ticket for that performance and it is only good for that performance. Once all the season ticket holders have registered, Doug will know how many tickets he can sell. At the conclusion of the performance, we are asking everyone to exit the building quickly so that the surfaces and chairs can be sanitized before the next performance. Everything is being sanitized prior to and after each performance for your safety. First Responders have volunteered to help social distance and keep you safe as you enter and will be there for emergencies. **Kudos to our First Responders!** In addition, I believe Doug has another exciting option for those that don't feel comfortable in a group setting. So wait for his informative detailed announcement a bit later.

As you can imagine, it is a monumental task to go through all our activities. Chairpersons have done a phenomenal job working on plans. As activities are confirmed or cancelled, I will communicate it as an update from me. Once we have a complete list then the whole list will be communicated as an update and on our website. ***If you do not see your activity listed, please don't panic. It either hasn't been submitted, reviewed or is being reviewed. If you haven't submitted a plan, you must do so in a pdf format to be considered for an approved activity this year. This is not a normal season. We are treating all activities the same.***

Those activities that we know cannot happen are those in enclosed spaces where object contact or social distancing is not possible. If you feel comfortable with other's in your own home for activities that normally occurred in a TR building, then it is your responsibility to social distance and keep each other safe. Should things improve greatly or take a downturn then the activities will be re-evaluated. I believe everyone can agree if the President of the United States can get COVID-19 then we can too. Everyone has to do their due diligence to remain safe.

These are the Building Activities Cancelled to Date:

- **All Card, Tile or Board Games**
- **All carry in or sit down meals this includes State Day's, Potluck/Carry-in (Check with your State Day Chairperson to see if they are planning an offsite venue)**

- TR Sports Club
- Walking Aerobics
- Wednesday Entertainment
- Woodshop

Please check with your Chairperson before going to the activity to ensure you can meet the social distancing plan they have outlined as some may have capacity restrictions.

The activities where the park is having to help fund this year is put out for an entire board vote. The Board voted to have Sunday and Wednesday Entertainment. Those that **do not** include a monetary attachment the decision is being made by myself and Ray Hill. **Please do not take the activity decisions out on Jeri Miller or our board members.** We just want everyone to be able to do things safely. Safety always takes precedence. I believe we can have a great season with everyone working together for a common goal which is to have fun and not get the virus.

Stay Safe and Stay Well!

Callie Zak

President and CEO, Traveler's Rest Resort Inc.
