

HELPING FAMILIES THRIVE

The Kerr Family

My children have been going to the YMCA after school program and summer camp for 4 years now.

The staff at the YMCA have always been super nice and very helpful, there would be times when I was late picking them up and they have always been very accommodating.

My children love going there and the YMCA is a big part of their lives. They have made really good friends and it has been a really good experience for them from help with their schoolwork to peer mentorship and for teaching them to be a part of a team and play fair.

This year our family welcomed another addition to our family, a baby boy, Charlie. Charlie

was born with special needs and had some health issues, so I was out of work for a period of time. With all of his doctors appointments it would have been very difficult to bring the other children. They had already been signed up for summer camp and I was afraid that I would not be able to afford to send them to camp which they truly love and look forward to going to every year. The YMCA stepped right in and offered my family a scholarship for all 3 of my children to attend! Instead of a summer filled with doctors appointments they were able to have a summer filled with field trips, state parks and good old fashioned fun with all of their friends and they even made some new ones along the way.

I will forever be grateful to the YMCA for what they did for our family in our time of need. Thank You Thank You Thank You!!!!
