

Dear Orlandi Flight Center,

We would like to thank you and your students for participating in the 2013 Flight Training Excellence Awards. In our second year, we are happy to report that we received over 3,375 customer reviews, resulting in feedback for 508 individual schools and 695 flight instructors. The Flight Training Excellence Poll and Flight Training Excellence Awards have allowed AOPA to identify and recognize the highest levels of achievement in the flight training community, with the goal of encouraging others to adopt similar characteristics of success. Profiles of the top award winners and general industry results of the poll data will be released in the February edition of *Flight Training* magazine. For next year's awards, in 2014, we will work towards the ability to share individual results and feedback with each flight school.

We commend and congratulate you for earning a spot on the 2013 Flight Training Excellence Awards - Flight School Honor Roll. Included in this letter you will find a window decal to recognize your achievement. We hope you display this recognition proudly. Additionally, you should have received the email I sent out in late September informing you of your award with a template press release and electronic files of the Honor Roll logo to help you promote your achievement. If not, please feel free to email me and I will send it out. Thank you for creating a positive flight training experience for your students. We look forward to your encouragement of participation in the 2014 poll.
