President's Message

Dear Members,

By the time you read this, I will have been exploring South Africa for more than two weeks - talk about a learning opportunity! I look forward to returning to Brandeis friends and activities with renewed energy and enthusiasm for all that our Chapter offers; as the old but true saying goes, "there's no place like home." So this month I want to highlight some of the people whose names appear frequently in our Chapter materials, but many of us probably don't really know why that is or what they do for our home Brandeis Phoenix Chapter.

I will start with our webmaster and eblast maven extraordinaire, Paula Eckstein. As a mostly 'online' organization, communication with our members is mainly through email and on our website, including the Bulletin. Paula expertly crafts those emails and sends them out to our 900+ members - but first, she makes certain that our database of email addresses is as up-to-date as it can be. That's no easy feat, as we are lucky to be gaining new members every single week! Paula makes sure that the website has the most up-to-date information as well, including the latest Beat, registration forms for all our events, and more. You'll also see her name on the response envelopes for the Book & Author events, as she, aided by her helpful husband, George, also maintains the database for Book & Author, tracking the 700+ luncheon reservations as well as the generous donations from our Bookmarks. These are all big, important and time-consuming jobs that Paula does so generously and patiently for our Chapter. When you make your reservations for many other of our Chapter events, you will find you are mailing to either Nan Waldman or Phyllis Becker. They are the ones who, like Paula, have stepped forward to keep track of the reservations - and the monies - for the events that make it possible for our Chapter to forward many thousands of dollars to BNC for the Sustaining the Mind Campaign. They field numerous questions, make the bank deposits, run the credit cards, and keep the Programming Committee apprised of progress. Again, these are all time-consuming tasks they do for our Brandeis Phoenix Chapter as a labor of love. So the next time you send your reservation check or credit card info, keep in mind that it's one of our fellow volunteers who's at the receiving end, eagerly awaiting hearing from you - and don't hesitate to include a smiley face or a little note on the reservation form!

Speaking of events, I want to thank Lori Roth and Dorry Sunenshine and their fellow Programming Committee teammates for a wonderful evening at 'On Golden Pond' on December 13th! The dinner was delicious, the baked goods divine, and the play left us both laughing and sighing at the truths so perfectly expressed. And we hope to see you next week, on Friday, January 9th, for a stimulating University on Wheels presentation.

All the best, Carol Abrams
 President, BNC Phoenix Chapter

Your Bookmark Gift Can Really Help Make a Difference!

There is a quote from L. M. Montgomery, author of the much-loved classic, *Anne of Green Gables*, that we believe resonates for all of us: "*Nothing is ever really lost to us as long as we remember it.*" Today, thinking about aging friends' and family members' struggles with Alzheimer's, we are reminded once again of this quote. Did you know that every 68 seconds an American develops Alzheimer's disease? Parkinson's is the second most common degenerative disorder - and there's no cure. We're hoping that cures for these and other devastating, memory-robbing neurodegenerative diseases are found soon. Your Bookmark gift to the Sustaining the Mind Campaign can truly make a difference: it supports ground-breaking research in the field of brain-related diseases including Alzheimer's, Parkinson's, Autism, Epilepsy and MS. Brandeis scientists and researchers have already made headway in finding specific genes related to memory loss and Autism.

When you support Sustaining the Mind, you are making an investment in tomorrow's scientists researching neurodegenerative diseases at Brandeis. In addition, you are ensuring through an endowed scholarship fund that students studying in this area can continue to advance research as they progress in the classroom and go on to graduate or medical school.

Please join us by making your Bookmark donation at one of the giving opportunities described. Plan to attend a wonderful evening on Sunday, March 15th at the Bookmark Cocktail Reception to celebrate our 25th Anniversary Book and Author event. You will be able to meet the talented authors who will speak at the luncheon on Monday, March 16th. This is our way of thanking you for supporting Sustaining The Mind. Your individual gift and our collective gifts will truly make a difference!

Learning Opportunities News

While some study groups are now full, there are many still available and welcoming new participants! A few highlights:

AZ AUTHORS

JANUARY 19TH – 12:30 - 2:30 AT THE JCC

Author/Speaker is Sue Ellen Allen

Sue Ellen Allen is an activist, writer, cancer survivor and... former prisoner. In her book *The Slumber Party From Hell*, she addresses the serious issue of abuse in prisons in general, and here in Maricopa County in particular. Convicted of a white collar crime, her experiences as a prisoner herself led to an assumption of personal responsibility and action: her painfully gathered insights produced a program of hope and repair for those in similar circumstances. Under the protective umbrella of government-sanctioned penal institutions, it often happens that the people responsible for running these institutions overstep their authority. Ms. Allen addresses these issues: What rights does an incarcerated person have, for example, when ill? Is there a right to treatment? What is the line that determines proper action on the part of the prison administration? How can people serving sentences protect themselves from undue harm? Come hear what she has to say!

AZ Authors is held at the JCC located at 12701 N. Scottsdale Rd, Scottsdale.

LEISURELY HIKING * NEW *

If you like fresh air, the natural beauty of the desert, exercise and camaraderie, these bi-monthly hikes in Phoenix, Scottsdale and beyond will take you to beautiful trails at a comfortable pace. You will be able to enjoy the scenery, talk to the other hikers and get some exercise, all at the same time. Maybe even take some pictures!

This group is not meant for those who want to go really quickly or on very steep trails. Plan on 2.5 - 4 miles round trip, around 2 - 2.5 hours, plus destination time. The outdoor temperature and time of year will determine our start time, but it will be approximately 8:00 - 8:30 am. Our first hike will be on Thursday, December 18th. Members will be notified prior to each hike of place and time. After the hike, we hope you can join us for brunch at a nearby

restaurant. Minimum 15.

University on Wheels

When Proteins in the Brain Go Bad:

An introduction to neurological disease research at Brandeis University

Dr. Melissa Kosinski-Collins, Associate Professor of Biology, Brandeis University

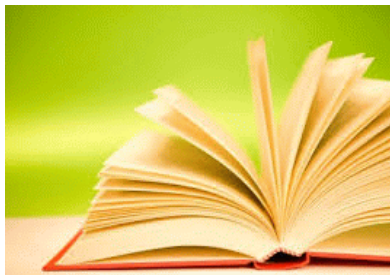

Friday, January 9, 2015, 9:30 a.m.

Starfire Golf Club, 11500 N. Hayden Road, Scottsdale

How is it that our brain functions perfectly for 59 years (or 65 years? Or 70 years?) and then suddenly begins to self-destruct at an alarming rate? Professor Kosinski-Collins has an uncanny way of making biology and science so exciting that you will want to go back to school and take her Intro to Biology class.

She will introduce you to the molecules in our brain with no known function other than to cause the destruction of memory. She will also explain how a protein's degeneration leads to such debilitating diseases as autism, Lou Gehrig's, and Parkinson's. And she will talk about current ongoing studies at Brandeis and possible future therapies for disease treatment.
