

# Cardboard boat-building workshop

Three experienced boat builders are hosting a final 'hands on' workshop to assist you in starting your boat hull for the May 14 Paddlin' 4 Paws Cardboard Boat Regatta Races. Learn how to be a 'floater' with their tips. To get the most out of class bring your (free) cardboard, contact cement, etc. as listed on [www.highairs.com](http://www.highairs.com).

It will be Saturday, April 9, from 2-5pm at the Kids Town building in Roanoke at the intersection of Kiwanis Drive and Highland Avenue.

Take advantage of pre-registration to receive your free hull cardboard (11' x 5') and discounted building supplies. Don't miss the boat! Call Pirate Patt High 256 363-1056.
