

## ***10<sup>th</sup> Annual Voodoo Gas World Championships***

The Voodoo Model Boat Club proudly presents the 10th Annual Voodoo Gas World Championships being held in Reserve, Louisiana on Nov. 16th thru 18th 2018. This race has become one of the most competitive events around and brings with it some of the fastest boats and greatest drivers in this hobby. Get those racing calendars marked now for this race and plan to come down and enjoy some Southern Hospitality for a weekend of awesome boat racing! Race site has plenty of pit space and parking for large trailers and motor homes with low voltage hook ups and water. A food vendor will be onsite for lunch each day offering a full menu. Saturday night party with music and some fine Louisiana inspired cuisine which will be included with race entry and extra meal tickets will be \$5 per person. This race will be an IMPBA sanctioned event and will offer LSG 27 and Open classes for each hull type as well as several specialty classes. Open classes may include gas, nitro, or electric propulsion. Interest in any other specific classes including Nitro and FE please let us know and we will add it if there are 4 or more entries to make that class. This event will have a 250 boat entry limit. Drivers meeting held each day at 7:00am with heat racing starting immediately after. We will have if needed a break in racing when morning sun creates too much glare on the pond. All classes will follow current IMPBA rules with exceptions of we will be using a 2 minute mill clock with no half milling. Lane choices will become committed once passing buoy 6 of the 10 buoy course on final mill lap and this will be strictly enforced with 1 lap penalties to any offenders of this rule. Buoy cuts will be 50 points for 1 or 2 consecutive buoys and 1 lap penalty for 3 consecutive buoy cuts. Shoot out heat racing format will be used with only the first round predetermined by computer. Racers will have to race other competitors with similar finishing positions of their previous round in their next round and not by cumulative points. Only the top 6 boats of each class will compete in round 5. Total points for 5 rounds of racing will determine final finishing positions. Awards will be given for 1st thru 3rd place for classes with 8 or more boats. We will have a zero tolerance policy for arguing with calls made by the CD or with other competitors anywhere in pit area. Violators will immediately receive a DQ for that heat. Repeat offenders will be suspended from any further racing. All first place stock motors will be inspected.

## **Sponsorship Opportunities for the 2018 Gas World Championships**

If you are looking to put the spotlight on your company or race team then this is the opportunity for the spotlight you have been looking for. The exposure you receive for being a sponsor is money well spent on advertising that will highlight your company or brand on race trophies, T-shirts which are worn all over the country, and will appear on several publicly viewed websites.

Anyone interesting in sponsoring must do so no later than 10/21/2018 to be assured sponsors name appears on race trophies and T-Shirts.

We have several sponsorship opportunities available:

**Race Sponsor** - \$400.00 Largest headline on race T-shirts and P/A announced throughout the weekend. Company/Brand banner displayed as main driver stand headliner.

**Associate Sponsor** - \$200.00 (each): Medium headline on T-shirts listed under the race sponsor and P/A announced throughout the weekend. Company/Brand banner displayed throughout the race site.

**Class Sponsor**- \$125.00 (each): Listed on race T-shirts, P/A announced as class sponsor, and name on the sponsoring trophy.

**Raffle Donations**- (Raffle Donations do not have to be RC Boat Related) Name/Company announced over P/A during raffle presentation.
