CAREER ENRICHMENT

OBSTETRICS & GYNECOLOGY

India is one of the most dynamic and eclectic countries on the planet. Representing diversity in all its forms—people, religions, traditions, clothing, dialects, and habits—this remarkable country links East Asia and Europe, but belongs to neither. From the exquisite majesty of the Taj Mahal, to the pink allure of Jaipur, to the legacy of Mahatma Gandhi, India exudes a sense of mystery and promise.

Program Highlights

- 9 nights / 12-days journey through India
- Check a visit to the **Taj Mahal** off your bucket list!
- Interact with **medical professionals** from a variety of societies, hospitals and medical schools.
- **Accompanying guest** program available on this itinerary.

Focus on medicine

- Interact with your professional counterparts throughout India including visits to **SMS Hospital** in Jaipur, **Fortis Healthcare** and **Maulana Azad Medical College**.
- On top of learning about obstetrics and gynecology in India, receive an overview of the organization and financing of the Indian health care system; health status of children and pediatric practices in India; and primary, specialty and hospital based care.

Focus on the community

- Giving back and engaging with the community is an important part of your journey. You will have an opportunity to interact with two different villages to **volunteer and engage with the local doctors**.
- We are working with local staff in Agra and Jaipur to provide hands-on opportunities to share and give back to the local people. *The goal is to provide free checkups as needed in both cities.*

Journey Leader

A. David Barnes, MD, PhD, MPH, FACOG

Dr. Barnes has traveled around the world and worked in fifteen countries. He trained at King's College, University of London; Royal College of Surgeons in Ireland; Oriol College, Oxford, for tropical medicine; Jamaica Hospital (SUNY) for his Ob/Gyn residency; and is a graduate and life alumni of the University of California, Berkeley.

- He has completed pioneer work in the northern areas of Canada and Alaska. Dr. Barnes has attended to the Cree, Assiniboine, MicMac, Blackfoot and Sioux American Indians.
- Dr. Barnes has had a successful clinical practice in Beverley Hills, California, and held academic positions at the University of Hawaii and the University of Miami.

Why Nanda Journeys?
Travel for people with purpose and passion. See for yourself what a difference travel makes.
