## *News from the President*

*We are enjoying our Indian summer with its mix of warm weather and falling leaves and hope you are too. Millbrae is especially wonderful in the fall. MCF appreciates your continued support, as we strive to keep local programs alive.*

*This year has been especially poignant, as MCF received far more grant applications than we can possibly fund. There is such a strong need in Millbrae to fill the gaps in program funding where cut backs risk losing programs and services that support our daily lives. Please continue your support and encourage your friends and neighbors to join our efforts.*

*Watch your mailboxes! The Holiday Star Program is coming soon. Join us once again at the Tree Lighting Ceremony (one of my favorite events!) and show your community spirit with a personalized star to hang on the holiday tree!*

*-- Catherine Quigg, President*

## **News from the Foundation**

Our board has recently voted to approve a grant supporting *elementary school crossing guards*. These crossing guards help our families safely cross to school in the midst of the crazy pre- and post-school rush! Not only do these guards help with traffic control at crosswalks but they are known for providing a warm welcome to our youngest citizens.
