One of our greatest treasures is that Slack's is private, not public. Its beauty, grandeur, and uniqueness is ours.

Your Annual Dues and the Boat Sticker Program raise funds necessary to support the lake, and help keep it private. The Boat Sticker identifies the boats of Slack's waterfront property owners, and tries to prevent unauthorized access by "lake hoppers," whose boats create a potential liability for all lakefront owners should an accident happen, and may also transport invasive exotic weeds – Eurasian Milfoil and Hydrilla.
