MODEL: XPERT

HAND: Left

DRAW WEIGHT: 23#

AMO LENGTH: 64"

PRICE: \$79.00

SHIPPING AND HANDLING: \$29.00

TOTAL COST: \$108.00

DESCRIPTION: Rare Hoyt EXPERT recurve bow. Good starter bow for a youth or female archer, although Very comfortable grip. This bow is not the best looking, but is structurally sound. Shedua riser. It has no delamination; no cracks; limbs are straight. However, at 23# draw weight, I've noticed that the limbs are fairly thin and can be easily twisted. Recommend checking the limbs every time the bow is strung to check straightness and straighten as needed. Overlays and tips are in good condition. One tip overlay is darker than the other. No drilled holes. No chips, dings or cracks. No stress cracks or crazing. The face limbs are black and the back limbs are white. The limbs are somewhat discolored and the white side has some "yellowing". A few scratches, scuffs and discoloration here and there. Overall, this is a serviceable bow with the wear and tear indicative of its age.
