DESCRIPTION: Great looking and performing Pearson re-curve. The Contender is a RARE bow as it was only made one year (76). This is a target bow with a design similar to the Renegade. Marblewood riser. Tapped for stabilizer. Face limbs have been partially refinished. No delamination; no cracks; limbs are straight. Overlays and tips are in great condition. Two professionally filled holes on the side of the riser (see pics). No chips or cracks. No stress lines or crazing. A few minor scratches, dings, nicks, and scuffs here and there. This is a really nice bow in excellent condition for its age.
