

Donald Cotterell, TSgt, USAF

TSgt Don Cotterell was assigned to AFVN as an Announcer and Film Librarian at the Key Station in Saigon in 1972-1973.

The following was received from Mike Kumm on January 18, 2016:

The Gould family lost one of our delightful "characters" yesterday, January 16, 2016, when we lost Don Cotterell. We will miss his jovial demeanor, his stories, his calling of the family bingo games in his radio announcer voice, and his simply being "Don." We also thank him for his service in Vietnam.

Messages from Various AFVN Members:

Don was - a heck of a guy. Enjoyed working with him, enjoyed his on and off air humor, enjoyed his attitude of team play. RIP my friend, you will be truly missed.

Hi Michael I am truly sorry to read this. Don was one heck of a really nice guy. I will never forget his stories about old stump jumpers.
