

# **LOW/MODERATE INCOME SURVEYS**

- **City employees are going door-to-door at randomly selected houses for the next several weeks asking occupants to participate in a short survey about their family makeup, size, and income level.**
- **Results of these surveys will aid the City in being eligible for certain grants and low-interest loans.**
- **If your house has been chosen, please take a moment to participate. Your participation is necessary to ensure we have accurate statistics.**
