

over 100 years of innovation

LK500Ui upright

Creating a new light commercial grade upright that has the durability customers demand and the styling they desire is no easy task, but BH has developed what is destined to become another award winner with the new LK500Ui upright bike.

- iConcept console allows you to use your tablet or smart phone to seamlessly interface with the equipment via Bluetooth
- 26 Built-in programs and 24 levels of electronically controlled resistance with additional program profiles available through downloadable apps
- Pop-pin up/down adjustments allows for a custom fit for all users
- Polar® wireless HR compatible. Use a Polar heart rate chest strap to readout your HR on the display console or interact with built-in HR control programming
- Triathlon style handlebars with elbow rests and fingertip controls
- Blue LCD window displays Speed, Distance, Time, RPM, Watts, Calories, Pulse, Level and Program Profile
- 16 exercise programs including 12 preset, Watts, Manual, Custom and Heart Rate programs
- Large cushioned gel seat provides the comfort required to go the extra mile
