**TUB MEASUREMENT INSTRUCTIONS AND DEPTH TEMPLATE**

1. Measure how deep the **INSIDE** of your tub is. If your Tub is less than 11.5" deep, call 480 255 1689, if I do Not answer, leave a message, I will call you back.
2. Decide how wide you want the cut opening, it can be Any width you want from 18" to 24". Mark the top of Your tub where the start of the cut will be and where The end of the cut will be.

3. Cut out the template on the 3 dotted lines.
4. Hold template as shown on the top edge of tub. Position the template so the bottom of the template is touching the inside tub wall.
5. Read the ruler at the **OUTSIDE** edge of the tub. Take This measurement at both ends of the opening. If the ruler does not reach the outside edge of the tub, Call 480 255 1689. If I don't answer, leave a message, I will call you back.

6. If the ruler measures 6" or LESS, order a **SMALL** kit. If it is more than 6", order a **MEDIUM** kit.

**Our small and medium kits fit 90% of tubs and are priced at \$325.00 Including shipping. We offer custom conversion kits to fit ANY tub. Contact us for pricing.**
