PERSONAL SAFETY CURRICULUM NOTIFICATION FORM

Since 1985, Tennessee law has required that children in child care agencies receive annual instruction in personal safety, including child sexual abuse prevention. The personal safety curriculum shall include a Department-recognized component on the prevention of child abuse.

Public Chapter 1032 passed by the General Assembly in 2008 requires that child care agencies have a personal safety curriculum, including a child sexual abuse component, for children enrolled in the agency, and that parents/legal guardians be informed about the curriculum, methods and terminology that will be used in teaching children about personal safety. The Department of Human Services was directed to provide guidelines for this curriculum, but individual child care agencies may choose a curriculum that accomplishes the same goal, and may use different terminology in the curriculum. The child care agency is required to allow parents/legal guardians to review and ask questions about the curriculum, and to meet with representatives of the child care agency if they have questions.

In addition, the child care agency must obtain from parents/legal guardians a form acknowledging that they have been notified of the child sexual abuse/personal safety curriculum being used by the child care agency in which the child is enrolled. A copy of the form is required to be maintained in the child's record.

"Keeping Kids Safe" is the sample personal safety curriculum offered by the Department. This curriculum takes a holistic approach to the safety of children. The curriculum is composed of the following units: Self Esteem, Family & Friends, Feelings, Problem Solving, Personal Safety (general) and Personal Safety (4-5 year olds), and Safety Around Me. All sessions begin with group time and are followed by supplemental activities that give children additional practice in understanding the concepts. The curriculum uses hand puppets to serve as a group motivator and to introduce the stories. Together staff and parents decide what terminology to use when referring to the genitals, either the correct anatomical terms or the general term "private body parts."

The instructional materials used in the agency personal safety curriculum are available for review by the parents or legal guardians.

I/We acknowledge that we have been provided an opportunity to review the agency’s personal safety curriculum, and have been notified of the sexual abuse/personal safety curriculum for our child/children.

WELCOME

The staff of Grow Academy extends a warm welcome to the enrolled students and their parents. The first few years in a child's life are very important. We are glad that you have chosen to share your child with us during this crucial time of development. Our number one priority is quality care for all students. To reach that goal, it is important that we understand your expectations and communicate to you a clear statement of our purpose and needs.

Grow Academy is a child centered program designed to offer a comfortable first step into the world of group education for young children. We encourage socialization, but we never sacrifice individual time or needs in the process. This balance takes a special knowledge that all of our teachers have and will exhibit. It comes with experience and training; it comes with caring. Special attention is given to developing an individualized curriculum to meet specific learning and developmental needs in each child. Experienced teachers work closely with parents to keep them informed of their student's successes and progress. Your child's day will be further enhanced if the staff can depend on you, the parent. We need you to work with us, to become involved with what we are doing, and to support us in whatever ways you are able.

Thank you for the opportunity to share in this phase of your child's growth. We will strive every day to make Grow Academy a very special and important place to your child and to you.

MISSION AND PHILOSOPHY

To a child, each day is an adventure filled with new experiences and lessons. At Grow Academy, our goal is to guide our students on their personal adventures in order to facilitate maximum mental, physical, and emotional growth. We strive to create a nurturing environment, not only for our students to learn, but also for their parents to feel welcome and comfortable. Our mission is to play an integral role in our students' lives to help them as they grow into healthy, productive, well-rounded individuals.

Mental Growth

Our curriculum provides a stimulating and challenging experience for each student. Each child's progress is tracked to ensure that he or she is meeting his or her potential. At Grow Academy, we recognize that no two children learn in exactly the same way, so our teachers employ a variety of teaching methods to engage every student. Communication and cooperation with parents are key to making the most of a child's education. Consistency at home and at school reinforces the child's learning and helps with retention. Thus, in addition to challenging each child to be his or her best in the classroom, teachers communicate with parents so that the learning can continue at home. We also incorporate programs, such as music lessons, to keep children interested in their daily lessons and expand their knowledge and skills.

Emotional Growth

Building a child's self-esteem at a young age is essential to his or her success later in life. At Grow Academy, we treat every person with dignity, respect, and understanding. It is our philosophy that by following the Golden Rule and treating others as we would like to be treated, we teach the students to respect and appreciate themselves and others. It takes a thousand compliments to make up for a single criticism, so there is no room for unkind words or harsh tones. Rather, we teach children to communicate with adults as well as their peers by using language that informs without causing harm.

Physical Growth

It is imperative to teach a child healthy habits at a young age because it provides the foundation for the rest of his or her life. At Grow Academy, we believe that this requires healthy eating habits and regular exercise. Our students have ample outdoor play time everyday to stretch their legs, run, and play. We also incorporate regular programs, such as yoga, that make physical activity fun and interesting to our students. Our menu features healthy foods to ensure students receive the nutrients they need to fuel their bodies.

PROGRAM GOALS

- * To teach positive values and behaviors.

PARENT PARTICULARS

Arrival & Departure

Students are not permitted in the building before the scheduled opening time. Parents are asked to park in the parking spaces provided and should not block the driveway in front of the building. Always turn off your engine, place your car in park, and never leave a child unattended.

Students should be signed in when dropping off. Please do not allow any child, regardless of age, to enter the school unaccompanied. All students are to be taken directly to the designated classroom. We recommend that you tell your child that you are leaving and that you will return, and then depart in a resolute and positive manner so that your child sees that you feel good about his being at school. Our staff is very experienced and will do everything they can to distract your child and encourage involvement in the program. For the first several days, your child will be given extra attention during your departure time, encouraging him to trust and bond with his teacher.

Upon enrollment, parents are to list the names of anyone other than themselves having permission to pick up their child. Initially, it may be necessary to ask for some form of identification, preferably one with a picture, from this person until we get to know them. We will not release your child to anyone other than an authorized individual even if we know the person asking to pick up your child. If you wish to make alternative transportation arrangements for your child on any given day, you must call the school or provide written authorization in advance. Grow Academy requests that parents not involve us in custody or visitation disputes in cases of divorce. We cannot keep a parent from picking up his or her child unless we have a restraining order on file at the office. If you or someone that is picking up your child displays behavior that may put the child at risk, Grow Academy reserves the right to contact an alternative pick up person.

Before leaving, be sure to check your child's designated area for his belongings. Look for daily work your child has finished, soiled clothes, and any administrative correspondence from the school. Parents are to sign out their children in the same manner used at arrival time. If a student is picked up after 6:00 PM, there will be a \$1⁰⁰ per minute late charge.

Personal Effects

We recommend children be dressed in washable, comfortable clothing to accommodate the wide range of activities at school. Sandals and jelly shoes are not suitable; shoes with traction, such as sneakers/tennis shoes are preferred. Paint shirts or smocks are provided for paint and water activities. Please remember that children are

taken outdoors daily (weather permitting) and should be dressed accordingly. Light jackets and caps are appropriate in the spring and fall; heavy jackets, hats, scarves, mittens and even boots are appropriate in the winter.

Water activities, occasional spills, and bathroom activities necessitate that an extra change of clothes be available for your child at all times. Please be sure to include a complete set—that means socks and underwear, too! Parents of potty trainers may want to provide several changes of clothing until training is complete. Remember that all extra clothes are to be replaced with the seasons. If wet or dirty clothes are sent home, please return a clean, labeled extra set the next morning your child attends. We do not provide clothes nor borrow clothes from other children.

All personal items must be labeled with the child's first and last name. Loose items should be kept in a labeled bag (e.g., ziploc or tote). All items should be placed in your child's cubby when dropped off. Parents are responsible for providing diapers and wipes for children who are not potty trained.

Snacks and Lunch

Parents must provide formula or breast milk for children in the nursery. Bottles are to be clearly marked with your child's name. Bottle covers should be labeled as well. Please be certain to inform your child's teacher what formula your child is using and any other pertinent dietary facts.

Information Changes

Parents are to notify the play School of any change in home or work phone numbers and addresses. Please give the Director written notice of the change as soon as possible. Please place this information in the payment box.

Phone Policy

When the staff is not available to answer telephone calls, messages may be left on the school's answering machine. The Director or the Assistant Director will check for messages every 30 minutes.

School Closings

If the school must close due to weather emergencies, parents will be notified as soon as possible via local news station reporting systems.

TUITION AND FEES

Tuition payments must be paid in accordance with the Parent-Provider Agreement signed by the parent. Tuition payments must be made by filling out an ACH form to have payment automatically withdrawn out of your checking account. Payments may be made by check, money order, cash. If any form of payment is denied, Grow Academy reserves the right to require a specific form of payment for future payments. Grow Academy reserves the right to require a guarantor to co-sign for any contract at its discretion.

The operation of the school is dependent on the prompt payment of tuition, fees and other charges. If family circumstances arise that make these payments impossible to make, please contact the director to make special arrangements. Any accounts that are persistently late or are severely overdue risk termination from the school.

No reduction in tuition will be made for absences due to illness, vacation, snow closing, scheduled school holidays or in-service. A blank parent-provider agreement is attached to this handbook as Attachment A. All other payment policies and procedures outlined therein are incorporated into this handbook. A listing of all other fees is also included.

WITHDRAWAL

Withdrawal of your child for any reason requires written notice. This notice must be provided to the Director at least four (4) weeks prior to the effective date of the withdrawal. Failure to provide at least four (4) weeks' notice shall result in forfeiture of deposit.

GROUND FOR TERMINATION OF ENROLLMENT

Grow Academy strives to provide an environment in which students will be nurtured and loved. Unfortunately, on occasion, there are situations that arise that hinder the school's ability to achieve this goal and require the termination of a student's enrollment. Grounds for termination of enrollment include, but are not limited to accounts that are persistently late or severely overdue (see "Tuition and Fees," above); disregard of Grow Academy policies and procedures; abusive language; threats of acts of violence; and any act of sexual misconduct.

Unless immediate action is necessary, the Director, within a reasonable time after an alleged violation has occurred, will present the student's parent(s) or guardian(s) with a written warning detailing the conduct that violates the standards of the school. If the behavior or offense continues or immediate action is merited, the Director shall determine whether the circumstances require the termination of enrollment. Notice of termination shall be provided to the parent(s) or guardian(s) in writing. Termination shall be effective immediately. However, if circumstances allow and if the Director determines that it would present no risk to Grow Academy students, families, or staff, the Director shall have discretion to allow a reasonable time for other arrangements for care. In no case shall this time to make other arrangements for care exceed two (2) weeks.

DISASTER EMERGENCY PREPAREDNESS

The Tennessee Department of Human Services requires that we are always prepared for an emergency or disaster. Therefore, in addition to the daily items you bring for your child, the following items should be kept at school:

- * Children not yet potty trained should maintain a week's supply of diapers.
- * Bottle-fed children must provide an extra bottle and enough formula for three (3) days.

HEALTH PRACTICES

Medical Records

The Tennessee Department of Human Services requires a medical history and an immunization record (or religious or medical exemption, if applicable) for every child in a licensed facility. Students under thirty (30) months must provide a physical exam form that certifies that they were seen by a doctor within the three (3) months prior to enrollment. All health forms are required before the first day of your child's attendance. In addition, Grow Academy requires all children have their immunizations current prior to admission to the program and that immunizations be up-to-date at all times.

Illness

Children are not to attend school if they have severe colds, undetermined rash or spots, fever, severe headache, upset stomach, diarrhea, or discharge of the eyes or ears. Parents should exercise caution and keep their child home should other unusual symptoms occur. Grow Academy reserves the right to request a written doctor's report when a question of a contagious disease exists. No provisions can be made for a parent requesting a child's restraint from outside play. Parents are notified to pick up children immediately if signs of illness occur during the day. Please use the following guide to determine when your child may return to school.

Chicken Pox.....	7 days after onset of rash or until all lesions have crusted over
Conjunctivitis (Pink Eye).....	When child has been under treatment for 24 hours
Impetigo.....	48 hours after beginning therapy
Measles.....	4 days after onset of rash
Mumps.....	9 days after swelling is gone
Strep.....	24 hours after starting antibiotics
Fever.....	24 hours free of fever without medication
Diarrhea.....	24 hours free of diarrhea without medication
Vomiting.....	24 hours free of vomiting without medication

Toilet Training

Different children gain bladder and bowel control at different ages, just as they begin to walk and talk over a wide range of time. Waiting until your child is interested and ready is the real key to a smooth mastery of toileting. When you feel it is time to encourage your child to be toilet trained, it is important to be relaxed about it.

We will work with parents to be consistent and use the same, or similar, methods which prove most effective for your child. However, if a child does not respond to the teacher's efforts and repeatedly refuses to cooperate, we will not require that the child use the toilet. If a struggle develops, we may suggest delaying the training for a few weeks and together try to determine a more opportune time.

When training is in progress, be sure to send several changes of clothing (include socks and shoes, too) for those accidents which will occur for boys especially, dress in clothing that is easy for him to manipulate. Avoid belts, buckles and layers of things to get through. Such clothing often causes the child needless frustration and panic.

At three years of age most children are normally dry during the day, although at this age it is common for children to have accidents. We expect that most children will be trained before entering the three year old class.

Medicines

Occasionally your child may require medicine during the course of the school day. Grow Academy will make every effort to accommodate you and your child in this regard. However, because of the wide variety of medicines and methods of administration of those medicines, Grow Academy reserves the right to refuse administration of some medicines.

Please personally hand deliver both prescription and non-prescription medicines to the Director or Assistant Director at the time of your child's arrival each day. You should provide specific instructions on the storage of such medicine and complete a medication administration form each day the medicine is to be administered. A completed form will provide permission for the staff to administer the medicine and specifically instruct staff as to the proper dosage and method of administration. Please ensure that your child's medicine is clearly labeled with his/her name. No medicine, including over-the-counter medicine, will be administered without the completion of this form. It is your responsibility to ensure that your child's medicine leaves with them at the end of the school day.

Accident & Incident Reports

Safety is a top priority at Grow Academy. Still, there are times when a child will have an accident, or an incident will occur between your child and another child that is out of the ordinary. Your child's teacher will complete a report for you detailing what happened and the nature of the injuries. If any first aid is administered, the treatment will be described to you. A copy of this accident report, signed by the teacher in charge at the time of the accident, will be provided to you. A copy will be filed within the Director's office.

Medical Emergencies

In the event of a medical emergency or serious accident, we will immediately contact the parents. If it is impossible to reach either parent and should emergency treatment be required, the child will be taken to the hospital preference noted in your child's files, or to the nearest hospital if conditions dictate. Your authorization to contact your family physician and to take whatever emergency medical measures are necessary is part of the emergency release form.

Rest Periods

Each child in the Infant Room has his own crib. The School provides clean crib sheets daily. If you would like to bring some special crib blanket for your child's bed, we will be certain that it stays in the bed. Since all the other children at the school are regularly engaged in stimulating activity, we require that everyone rest on mats after lunch. Each child's rest needs differ and we try to offer alternative ways of resting such as providing soft music, stories, etc., for those who choose not to sleep. All children are generally provided a two-hour rest time.

If your child has a favorite sleeping toy, it is welcome at school. After your child has become adjusted, we will suggest that favorite toys are put away until rest time to assure that something so special is kept safe. On Fridays, or your child's last day of the week at school, parents should take the nap mats home for laundering. Please be sure to return them on Monday morning or your child's first day of the week at school.

DAILY ACTIVITIES

Each classroom will have an activity schedule posted for your information. The children are provided with activities throughout the day that are appropriate for each age group. We will alternate between quiet and loud play, which is intended to promote the social growth of each child.

Items from Home

Grow Academy has a wide variety of toys, games, and other resources to offer children during their time here. We encourage parents to initiate a home rule of no toys at school except for "Show-And-Tell" days. Items pertaining to our weekly units and labeled books are always welcome. Please do not allow children to bring toy guns, war toys, other toys of violence or destruction, or money. In consideration of other children, health and safety issues, and classroom and building maintenance, please do not allow children to bring or chew gum in school.

Parents are welcome to send cookies, cupcakes or cakes to share with their child's friends on birthdays or special occasions. Please let your child's teacher know in advance that you will bring a treat. On major holidays, each class will have a special party. Parents may be requested to bring treats. Sign-up sheets will be posted outside each classroom. Your decision to participate is voluntary.

Parent Visits

Teachers welcome opportunities to confer with parents from time to time regarding their children. Fall and spring conferences will be scheduled. However, we encourage you to ask your child's teacher for an additional conference if you feel it would be helpful.

Parents are invited to visit the classrooms at any time. We ask that parents refrain from doing so during the first three weeks of school. This is a period of adjustment for the child, especially if it is his first experience away from home. The presence of the parent at this time is sometimes confusing and upsetting to the child. Please wait until after these weeks to make your visits. Most importantly, keep open the lines of communication with your child's teacher. If unusual circumstances arise at home, please let us know. We can be a much stronger resource for your child if we know something of his situation.

DISCIPLINE

All students are to cooperate with the school staff. Teachers at Grow Academy are trained in using positive reinforcement as a means of discipline. In addition, we attempt to redirect the child's actions. If a problem arises, the parents are notified for assistance and a possible conference with the child's teacher and the Director. Our goal is to find solutions and to provide the very best environment for your child. If we cannot achieve a mutually agreeable solution, the child will be asked to leave the school.

CHILD ABUSE DETECTION & REPORTING

The State of Tennessee requires that Grow Academy and all staff be on the lookout for and report to the State and appropriate authorities, any reasonable suspicions of abuse to a child.

NONDISCRIMINATION POLICY

Grow Academy admits students of any race, color, national origin, and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. Grow Academy does not discriminate on the basis of race, color, national origin, and ethnic origin in administration of its educational policies, scholarship and loan programs, and athletic and other school-administered programs.
