In addition, I have been in touch weekly with the Financial Crimes detective assigned to the investigation of theft from the MCCPTA account, and am working with MCCPTA's insurance company to prepare our Proof of Loss claim.

Finally – I can't say enough about the amazing team of officers on this year's executive committee, each of whom has stepped up and – without any fanfare or preamble – simply started doing the job of their office, and the work of MCCPTA. Each of them is an amazingly talented individual, uniquely suited to the office they now hold. MCCPTA is in good hands.
