SUBJECT : **CHANGES IN THE INTEREST RATE**

The Board of Directors always pursues the best direction to take our Cooperative towards a better future, which is why we are in the process of migration to a more agile system in accordance with technological changes. To ensure maintaining the economic stability that has characterized us for years, we inform that effective January 1, 2024, we will adjust the interest percentage on the savings account as follows.

- \$.01 up to \$49,999.99 1.25%
- \$50,000.00 up to \$99,999.99 1.50%
- \$100,000.00 and up 1.75%

We will continue to regularly review the interest rates on savings. Everything will depend on the reality of the economy and of the market, always keeping in mind that we continue to be the best alternative in the market.

We take this opportunity to express our appreciation for your sponsorship and to remind our present and prospective members what a great benefit our Cooperative is. We urge you to continue the saving habit and the prudent use of credit in our Cooperative.
