110. Low Schooling Jumper 3' 112c
111. 3' Accumulator*

Class Descriptions

1. Table II, 2(b)- For the table II, 2(a) format all riders and horse combinations compete in the first round of the class. If the horse has no jumping or time faults in the first round they return for the jump-off after all competitors have gone in the first round. If the rider is clear they stay in the ring after finishing the first course. After finishing the first course the combination waits for the buzzer and heads to the first jump.
2. Table II, 2(c) - The table II, 2(c) course format is known as a power and speed. This format splits one course into two phases. The first phase is power, during the power phase the rider wants to stay clear and in the time. If the rider is clear they continue on in the course and finish the speed phase, if they are not clear they are buzzed out and do not participate in the second part of the course. The speed phase is the same as a jump off, the only difference is that the power and speed format is all one continuous course.

3. Accumulator- Horses compete over a regular jumper course accumulating points for each fence jumped clear. Points for clear fences are awarded as follows: 1 pt for fence 1, 2 pts for fence 2, 3 pts for fence number 3, etc. No points are awarded for any fence with rails down. Last fence will have a high option worth 20 pts. Ties will be broken with a standard jumpoff with time being the deciding factor.

*This is a payback class with 100% of entries paid back to participants.

High Point Jumper Award

Each show will award the high point jumper of the day with a \$50 gift certificate to Dover Saddlery.

Etc.

Free refreshments will be available to our jumper participants and spectators.

Schooling breaks in the ring between heights.
