### BEACH HOMES

“ A long tradition for families of the Pasadena Foothills Region that want a close and spectacular escape is a second home or summer rental in Newport Beach. Remodeled beach homes add simple elegance to sun drenched days on the beach. With bike rides along the beach paths, an excursion on a boat and backyard barbeques, enjoying a beach retreat stay at Newport is always a favorite. If you are looking to remodel your beach home, or you are looking to find just the right rental that will become your family’s annual summer escape, there are a variety of styles that are just right for you.”
